PREFACE

THE accompanying list of Loyalists was compiled by Miss Marion Gilroy, M.A., from the land papers in the Public Archives of Nova Scotia and checked with the land papers in the Department of Lands and Forests of the province. The records in the Archives comprise petitions, surveyors' warrants, descriptions and certificates and draft grants; but in few instances are all these papers found complete. This is particularly true of draft grants and for that reason it was necessary to use the files of the Department of Lands and Forests to supplement our sources of information.

The records in the Archives frequently give personal information as to the origin and status of the Loyalists, while the papers in the Department of Lands and Forests are official as to warrants and escheats; but in many instances it has not been possible from both sources to discover more than the name, general location, date of grant and number of acres granted.

Though these names have been compared with those in census returns of Pre-Loyalists and other records, it is not possible to assert that every Loyalist has been located or every Pre-Loyalist eliminated; but the list of Loyalists is as complete and as accurate as it could be made from available material. Broadly speaking, Loyalist grants are assumed to have ceased by 1800 but in a few instances after this date, such as that of the regranting of Digby township in 1801, grants of considerable proportion were made and have been included in this list. No notice has been taken of individual claimants who petitioned during the first quarter of the nineteenth century; and the most diligent search has not been able to discover the names of the second battalion of the 84th Regiment, Royal Highland Emigrants, for which Col. John Small received in trust 105,000 acres in Hants County; but those who were still there in 1816 and received a grant of the lands then occupied by them have been included. Moreover the Island of Cape Breton, because of the lack of available records, has been reserved for a separate study.

The list has been arranged under three headings: grants, warrants and escheats. Those in the first group are shown by the records to have received legal title to the lands specified. Those listed under *warrants* applied for land, and survey of that land was authorized, but no evidence could be found that they completed the transaction, although there is reason to believe that many of them remained in Nova Scotia. Those listed under *escheats*—the legal process by which lands granted were forfeited to the Crown for non-fulfilment of conditions specified in the

grant—were included to throw light upon the number of Loyalists who received grants of land and either chose to forfeit them or to accept other grants in exchange.

It should be noted also that there were only nine counties in the peninsula of Nova Scotia at this time, Annapolis, Cumberland, Halifax, Hants, Kings, Lunenburg, Queens, Shelburne and Sydney, the last two having been organized in 1784, after the Loyalists had arrived. Though some grants had been made out before these two counties were marked off and are located in Queens and Halifax they are shown in this list in the new counties of Shelburne and Sydney (Antigonish and Guysborough). No attempt was made to revise the list in accordance with later revisions of the boundaries of Annapolis, Cumberland, Hants and Kings, but the general location of these Loyalists will be sufficiently clear to anyone who has a working knowledge of the geography of Nova Scotia.

The general purpose of this publication is to collect in as compact a form as possible all the information that has survived on Loyalist settlements in Nova Scotia and to make this accessible to the descendants who are interested. No attempt has been made to discuss the merits or demerits of the Loyalists as such; but two petitions, one of which is well-known, have been added as an appendix to show that even in 1783 the Loyalists themselves differed as to character and temper. Appendix B has been inserted because it tells something of the fate of Colonel Small's followers.

D. C. HARVEY.

Halifax, April 10th, 1937.

(c) ESCHEATS

□ Names marked with this sign were included in the new grant of Digby Township, 1801.

▲ Those marked with this sign are included in the grants to (a) John Perrot and others, 1786, Halifax-Annapolis Road, 16,782 acres, and (b) William Brinley and others, 1791, Halifax-Annapolis Road, 25,600 acres. Neither of these grants is in the records of the Department of Lands and Forests, yet evidence from the Records of the Court of Escheats, maps and in the case of Brinley a Council Minute of Oct. 10, 1791, seems to show they were granted, supplying the very date the grants were issued.

* Of the grant to John Mullen and others, (10,900 acres, Shelburne Township), all land was escheated except that held by Donald and Hugh McKay. They were not original grantees, and it is not known from whom they secured their lands. So all the grantees are listed in the escheats. In making a list of the total number of escheats, therefore, two must be subtracted.

APPENDIX A

New York July 22nd 1783

Sir –

Your Excellency's kind attention and offers of your Support to us, demand our warmest Thanks which we beg the Favor of you to Accept –

The unhappy Termination of the War obliges us, who have ever been steady in our Duty as Loyal Subjects to leave our Homes, And being desirous of continuing to enjoy the Benefits of the British Constitution we mean to seek an Asylum in the Province of Nova Scotia –

Considering our several Characters, and our former Situations in Life we trust, you will perceive, that our Circumstances will probably be the Contrast to what they have been heretofore especially as from our respective Occupations we shall be unable personally to obtain the Means of a tollerably decent Support unless Your Excellency shall be pleased to Countenance us, by Your Recommendations, in the following Proposals which are with the utmost Deference submitted for Your Excellency's Consideration –

First –That a Tract, or Tracts of land free from disputed Titles be laid out for us, in Nova Scotia, in such Part of that Province as one or more Gentlemen whom we propose to [act] as Agents for that Purpose, being first approved of by Your Excellency shall pitch upon for us –

Second, That this Tract or Tracts be sufficient to put us on the same Footing with Field officers in His Majesty's Army with respect to the Number of Acres –

Third, That if possible these Lands may be exonerated of Quit-Rents –

Fourth, That they be surveyed and divided at the Expence of Government and the Deeds delivered to us, as soon as possible, remitting the Fees of Office –

Fifth, That while we make this Application to Your Excellency – we wish not to be understood as Soliciting a compensation for the Losses we have Sustained during the War –Because, we are humbly of opinion, that the Settling such a Number of Loyalists, of the most respectable Characters, who have Constantly had great Influence in His Majesty's American Dominions –will be highly Advantageous in diffusing and supporting a Spirit of Attachment to the British Constitution as well as To, His Majesty's Royal Person and Family –

We have only to add, our earnest Request of Your Excellency's, Aid and Support, in Carrying this Matter into Execution, as soon as it Shall comport with Your Leisure, and to assure Your Excellency, that we are with great Respect

Your Excellency's

Most Humble

And Most Obedient Servants -

P.A.N.S. Vol. 369, doc. 135.

To his Excellency Sir Guy Carleton Knight of the most honorable Order of the Bath General and Commander in Chief &ca &ca &ca

The Memorial of the Subscribers

Humbly Sheweth

That your Memorialists having been deprived of very valuable Landed Estates and considerable Personal Propertys without the Lines and being also obliged to abandon their possessions in this City on Account of their Loyalty to their Sovereign and Attachment to the British Constitution and seeing no prospect of their being reinstated -had determined to remove with their Families and settle in His Majesty's Province of Nova Scotia on the Terms which they understood were held out equally to all his Majesty's persecuted Subjects.

That your Memorialists are much alarmed at an application which they are informed Fifty Five Persons have joined in to your Excellency soliciting a recommendation for Tracts of Land in that Province amount-

ing together to Two Hundred and Seventy Five Thousand Acres and that they have dispatched forward Agents to survey the unlocated Lands and select the most fertile Spots and desirable situations.

That chagrined as your Memorialists are at the manner in which the late Contest has been terminated and disappointed as they find themselves in being left to the lenity of their Enemys on the dubious recommendation of their Leaders they yet hoped to find an Assylum under British Protection little suspecting there could be found amongst their Fellow sufferers Persons ungenerous enough to attempt ingrossing to themselves so disproportionate a Share of what Government has allotted for their common benefit –and so different from the original proposals

That your Memorialists apprehend some misrepresentations have been used to procure such extraordinary recommendations the applications for which have been most studiously concealed until now that they boast its being too late to prevent the effect –Nor does it lessen your Memorialists surprise to observe that the Persons concerned (several of whom are said to be going to Britain) are most of them in easy Circumstances and with some Exceptions more distinguished by the repeated favors of Government than by either the greatness of their sufferings or the importance of their Services.

That your Memorialists cannot but regard the Grants in Question if carried into Effect as amounting nearly to a total exclusion of themselves and Familys who if they become Settlers must either content themselves with barren or remote Lands Or –submit to be Tenants to those most of whom they consider as their superiors in nothing but deeper Art and keener Policy –thus Circumstanced

Your Memorialists humbly implore redress from your Excellency and that enquiry may be made into their respective Losses Services Situations and Sufferings and If your Memorialists shall be found equally intitled to the favor and protection of Government with the former applicants –that they may be all put on an equal footing –But should those who first applied be found on a fair and candid inquiry more deserving than your Memorialists –then your Memorialists humbly request that the locating those extensive Grants may at least be postponed untill your Memorialists have taken up such small Portions as may be allotted to them.

And Your Memorialists as in Duty bound shall ever pray &c.

To the Honorable Speaker & the Honourable House of Assembly --
 Gentlemen,

The Pettition of your Subscribers Most respectfully Sheweth --
 That Whereas in the year of our Lord 1783, on the Proclamation of Peace between Great Britain & the United States of AMERICA, his Majestys late 84th. regiment was discharged with a Promise of a certaine proportion of Lands to Officers Non commisd officers & privates, free of any charges from his Majestys Government as a compensation for their Serviseses during the late contest with america, to such as would actually Settle & become Inhabitants: In consequence of which Colo. Small the commandant of sd. regt. Procured a Grant in trust for sd. regt.; upon the Strength of which a number of sd. regt. Settled in the wilderness where they encountered many difiquelties Namely up cannetcook, five mile & Nine Mile Rivers, now called the Township of Douglass and because the Major part of sd. regimt. did abscond & abandon their Lands, and a number of other persons (trying to avail themselves of the same Priviledge the

Soldiers had Promised) Settled in among us who were actually Soldiers, and on acct: of Colo. Smalls Grant not being fully Complied with according to Government wish, it became Escheated with that reserve, that those disbanded Soldiers whom had actually Settled Should be established in their former Promise; and the same lands, altho long ago Settled, is still Lying under the same escheet, & neither of your Petitioners, have any title to our farmes We therefore pray the Lajislative body will represent our Situation to his Majestys Council & to the Goverour, expressing our wish to obtain a Genel. Grant to the undersigned who were actually Soldiers as it was originally intended of their then Promised Locations for themselves & families, Previous to their new applications Since whereof a true return will be laid before you with the names of the occupiors of the above description at present residing in the above Township, and your Petitioners will ever pray —
