Dear Ms. Ashley,

I received your letter dated 12 May, 1988 on 22 July, 1988. I don't know why the mail took so long. However, I wish to thank you for replying to my letter to Mr. Orsborn.

I was hoping you would look into my case but I do understand your letter and I thank you for taking the time to reply. Please thank Mr. Orsborn as well.

Dear John,

Many thanks for your letter of July 20th, 1988 and for your kind invitation to participate in the workshop on the Edwards' Papers that is to be held on September 29th, 1988. I would be more than pleased to participate.

If the papers are available now I would appreciate having an early look at them. As you know our own work on the Powers of the Attorney General is well underway. I am sure that having Professor Edwards most recent ruminations on the subject would be of assistance to us as we move towards the finalisation of our endeavours.

We have located a copy of the 1983 discussion paper issued by the Attorney General's Department regarding the Police Act. I now enclose a copy of that discussion paper for your purposes.

You have those formal responses to this document and to the draft legislation which were dealt with at the Law Amendments Committee.

As well, we have various files in which there are isolated references to the Green Commission Report and the discussion paper in correspondence from the Union of Nova Scotia Municipalities. Although I do not believe most of this is relevant to you, if you wish to see it, please advise and I shall make it available.

RE: MacKeigan et al. v. Hickman et al.

I refer to my note to you of July 18. have heard from Ms. Derrick - letter of July 25.

I gather that we are in agreement of the draft form of Order other than the words "relating to the performance of their judicial duties" at the end of the first recital.

I do understand your point. However, it clear, I suggest, that the Justices wire asked to attend to give evidence as the Judges who sat who has Marshall Reference. They was not going to be asked about some other matter. Also, counsel to the Compission agreed in his argument before C.J. Glube that on the Marshall Reference the Justice were sitting in the normal way of their duties as members of the ? neal mara (my words, not his). I am simply trying to cap the demospt.

They about taking out these words and substituting "Let list chest participation as Justices of the Appeal Division of the Supreme "rat of Nova Scott" and with respute to the littail he and it, or Reference'.

Dear Mr. Briggs:

Re: Prof. Archibald's Study - Prosecuting Officers and the Administration of Criminal Justice in Nova Scotia

Thank you for your recent letter regarding the Prosecuting Officers' Workshop of June 23, 1988. I thoroughly enjoyed the discussions.

I confirm my availability for the workshop scheduled for September 29, 1988, relating to Prof. Edwards' opinion papers. Just contact me in due course with the details and any materials to be discussed which have not already been forwarded.

I do not know if the following is of interest to you or Bruce Archibald, but I furnish it in the interest of accuracy. The latest statistical information to June 20, 1988, requires revisions on page 6 of my commentary. In the third paragraph, guilty pleas should read "eight-five per cent", and findings of guilt in "sixty-two per cent of trials". I confirm the figure relating to withdrawals at twelve per cent.

Yours very truly

Dear Mr. MacDonald:

RE: Donald Marshall, Jr. v. MacKeigan et al. and the Attorney General of Nova Scotia

Further to my letter of July 21, 1988, concerning the setting down of the above appeal before the Nova Scotia Court of Appeal, I am writing to confirm that I have discussed the tentative hearing date of November 18, 1988 with Mr. Ruby who is intending to argue this appeal, and he advises me that he is available for that entire date. Unless one of you has a problem with this date, we will be able to advise the court on August 4 that November 18th is acceptable. We can also then set down dates for filing the appeal book and all respective factums.

We will need to agree on the order in which factums are to be filed. Obviously, we would file our factums first, and perhaps it would then be appropriate for Mr. Downie to file his factum after which Mr. Saunders would file his on behalf of the Attorney General. I appreciate that Commission counsel are not party to this appeal at this point, having not yet filed a Notice of Appeal in the Court of Appeal against Chief Justice Glube's decision, but I am keeping Commission counsel informed of this matter out of courtesy.

Dear George & Jamie:

#### RE: Donald Marshall Jr. v. MacKeigan et al

I am writing to you with respect to a Notice of Appeal which I filed this week on behalf of Mr. Marshall against Chief Justice Glube's decision on June 22, 1988 quashing the Orders to Attend. Pursuant to the filing of this Notice, I appeared in Appeal Court Chambers this morning for the setting down of this Appeal. I noted that neither of you were present in Chambers and if the reason for this was insufficient notice with respect to the Chambers date then I apologize. Mr. Downie appeared on behalf of Justices MacKeigan et. al. and we agreed to proceed with obtaining a tentative date for the hearing of the Appeal before all dates in the next session of the Appeal Division were gone.

In your absence, His Lordship Justice Matthews provided us with a tentative hearing date of November 18, 1988. No dates were set for the filing of the Appeal Book or Factums as it was agreed that all counsel should get together to discuss the contents of the Appeal Book and agree on dates for the filing of Factums. The four parties in this matter (yourselves, Mr. Downie and us) are to return to Appeal Court Chambers on Thursday, August 4th at 10:00 a.m. to discuss the content of the Appeal Book, dates for filing of the Appeal Book, and Factums and to finally set a hearing date for the Appeal which, if agreeable to all, will be November 18th for the whole day.

The hearing of this Appeal may of course become academic if consents are obtained from the five Justices and the Attorney General of Nova Scotia to have an Appeal of Chief Justice Glube's decision heard directly by the Supreme Court of Canada. Mr. Ruby intends to argue the Supreme Court of Canada Appeal or the Appeal before the Nova Scotia Court of Appeal. Mr. Ruby is in fact apparently not available on November 18th and I advised Mr. Justice Matthews of this today. I did however wish to get as early an Appeal date as possible and before our next appearance on August 4th I will have obtained some further direction from Mr. Ruby concerning his schedule.

Finally, in light of the fact that there were a couple of inadvertant errors in the original Notice of Appeal, I am filing an Amended Notice of Appeal in the form as enclosed.

Yours sincerely,

BUCHAN, DERRICK & RING

Dear Mr. MacDonald:

Marshall Inquiry Our File 9201/1

Further to yours of July 11th and our previous reply to that letter, I am enclosing copies of those materials which the Department of the Attorney General had in its possession regarding Douglas Mark Rhodenizer. I am advised this material relates back to 1974 and only came into the Department's possession when the matter was raised in 1980.

As previously advised, all this material was in the RCMP's file which you have already seen.

Yours truly,

Darrel I. Pink

The Royal Commission 1505 Barrington St. Suite 1026 Halifax, N.S. B3J 3K5

Dear Sirs:

I would like to seek your guidance, or advice on a legal matter which, so far, I have been unable to resolve.

In October of 1983, some other people and myself set out to collect signatures on a petition to save what is left of the Dartmouth Common from further encroachment. What had been 150 acres of land is now reduced to less than 16 acres.

We, the people who signed this petition, raised over 2,600 signatures, and presented the petition to Dartmouth City Council.

This was in December and the first week of January, 1984, it was brought before City Council. This Council then referred the petition to their Heritage Advisory Board. This Board passed a motion, unanimously accepting the petition, but it has never been brought back to City Council.

According to the by-laws of the Dartmouth City Charter, it is acceptable to present a petition of at least 500 signatures or 2% of the population.

This would then entail a public hearing and a vote by Council. This petition and its recommendation by the Heritage Advisory Board was never allowed to come to Council for a public hearing or a vote by Council.

To avoid this procedure, the City Council held a public meeting, not on a night when City Council met. In six months time the City Administrator presented a recommendation to City Council and it would further allow for more encroachment.

Since the petition was submitted, a further loss of common land occurred with the building of a commercial office tower and an additional parking lot to a commercial enterprise called the Sportsplex.

With pressure on our Provincial representatives, a bill, called Bill 104 was passed in 1986 to preserve, what we thought, to save the rest of the Dartmouth Common. Now we understand that this Bill will be amended.

We have tried to seek help from both Federal and Provincial cabinet ministers but they ingnored our request for guidance. The only source to offer any help was the Provincial Ombudsman. He repeatedly warned us to be prepared to have legal counsel, but who can afford such a luxury. I retained legal counsel in 1984 to stop the enlargement of the Tourist Bureau on the Dartmouth Common, as it was on land zoned parkland and non-commercial. This was very costly to me personally and I can't afford to hire legal counsel to stop the encroachment on the rest of the Dartmouth Common.

It seems to me that a Petition of Right was a parliamentary declaration of rights and liberties of the people assented to by Charles I in 1628. If this is so, doesn't it mean that people have a right to collect a petition and then have it heard by the appropriate authority? Is there any provision in the Canadian Charter of Rights that will allow people to present petitions?

Throughout the history of common lands in Nova Scotia since 1770, petitions were presented to the House of Assembly and acted on accordingly. If we cannot get the petition heard in either the City Council or the House of Assembly, the common lands will gradually disappear. This will deprive present and future generations of their heritage and land that is becoming necessary for the integrity and the quality of our environment.

If you could give us some advice on this matter, it would benefit both present and future generations. I am sorry to make this request, in light of all your work and the ominous task on hand, but we really have no alternative.

Once again, I apologize for any inconvenience.

Yours truly, Dougle w. Cide

Dr. Scott Clark G.S. Clark and Associates Ltd. Suite 712 151 Slater Street Ottawa, Ontario K1P 5H3

Dear Scott:

As I indicated after our Workshop with the Chiefs last week, there are some ideas/suggestions I thought you might take into account, and I am now writing to convey these to you. Both Workshops on your Report have been useful, and while I have made comments at both, I did not feel it appropriate for me to take up too much of the "air time".

I also wish to emphasize that I have not sought the concurrence of the UNSI or the Chiefs for these views. They are put forward in an effort to assist in your work, and to improve your Report rather than to state the UNSI's position.

You have heard me say that I thought you have been asked to do two things, essentially, in one Report, and that each is a formidable burden. One is to identify adverse effects on Micmacs and make out the case for discrimination. This is to demonstrate that something must be done. The second task is to recommend what ought to be done to eliminate discrimination and alleviate the adverse effects. You have also heard me say that the discharge of the first burden is the more important to us now because getting the government(s) to act is contingent on it, and in any event no future improvements/reforms are likely without further input and concurrence from the Indian community.

On the issue of discrimination, two other points that you might address are:

 The root causes of discrimination, for example, the concepts of social distance and stereotyping, and their relationship to the criminal justice system. 2. Whether it is realistic to think that biases and prejudices held by a person can be divorced from his or her professional activities, e.g. by a prosecutor or judge. Similarly, whether racial bias or prejudice in a community will be reflected by a jury in its deliberations. [I believe you were going to expand your consideration of juries.]

The balance of my comments are on the issue of recommendations. Here my main concern is on approach/process.

You have verbally emphasized that solutions must be designed from the Indian community up and likewise based in respect of their implementation in the Indian community. This suggests three important components:

- 1. Financing
- 2. Information
- 3. Consultation

On the issue of information, I have in mind the statistics and data kept by governments on the criminal justice system. The problem is determining Indian involvement in the various components. You mention this, but don't say what kind of information should be kept. What data on Indians in the justice system should be kept?

Financing and consultation have a number of interlocking sub-issues. How much? Who controls? Should funding be on a global, envelope basis, or on a program-by-program basis? What should the proportion be between the provincial and federal governments? My personal thinking on this is that a specific amount should be committed to the problem, with ultimate control over how money is expended in Micmac hands. An advisory and consultative body is probably needed, with likely two types of functions that should be separated: a technical working role and a political one. The latter is important to ensure acceptability and band support within the Indian community.

Turning now from these three general points to more specific suggestions, I think you are right to think of shorter term, more immediate actions (in relation to which you can be more precise), and longer term ideas (in relation to which you must leave room for consultation, advice and experience in the Indian community to act).

One of the short term ideas that came up, in addition to justice workers, is having provincial judges physically holding court on reserves. This idea seemed popular with the Chiefs, and would serve a considerable educational function in exposing the judicial system to the Indian community and vice versa.

Another allied notion is the provision of input and advice from the reserve community to the court. Here I have in mind something like a group of elders to assist a judge on appropriate disposition. Thus, in dealing with an on-reserve offence against a reserve resident, the elders can sensitize the judge as to the seriousness with which the offence is regarded by the community and how the perpetrator could help resolve the problem he or she created.

A more innovative suggestion is to divert cases away from the criminal justice system to community mediation, with everyone's consent. Thus charges might be delayed or stayed to see if a minor criminal problem can be resolved in a way more in keeping with Indian tradition. This can be viewed in the longer term, but shouldn't be difficult to set up in the short term.

On the longer term, ideas like a tribal justice system with tribal courts, tribal law and tribal peace keepers merit serious consideration. You probably cannot get into these in detail. But it is important for you to point out the significance of self-government, the contribution of an Indian justice system to this end and that such notions are within the field of serious options for longer term consideration.

You might also make the point that programs/solutions for Indians need not be the same for non-Indians. That is, the situation of Indians is unique, and therefore what is suggested for Indians need not be duplicated for blacks and other minorities.

You have done a good piece of work. I trust you will consider these comments in this context, and in the spirit of an attempt on my part to be helpful. I am confident that your work will have (and indeed already has had) a profound impact on the Commission, and on the future treatment of Indians in Canada's criminal justice system.

ROYAL COMMISSION OF DONALD MARSHALL, JR. PROSECUTION

Maritime Centre Suite 1026 1505 Barrington Street Halifax, Nova Scotia B3J 3K5

Attn: Susan M. Ashley (Ms) - Commission Executive Secretary

Dear Ms. Ashley:

Re: Black United Front - Witnesses at Hearing

Consistent with your letter of July 18, 1988 (page 2, paragraph 2), we would like to advise that we proposed calling the following as witnesses:

- Burnley A. Jones;
- Kenneth D. Crawford;
- David Sparks;
- Project Coordinator (name to be advanced).

The Coordinator of research will speak to his (her) personal experiences whilst conducting of the interviews and the facts which came to light during this mini-study and further, the general attitudes of the interviewees to the whole concept of a review of the justice system in the Province of Nova Scotia and the general impact of the justice system with respect to both Black and White people as interviewed.

Mr. Sparks is in the process of preparing a written position which will be advanced to the Commission, and he will speak of his own experiences as a religious leader and how also as a youth leader. It must be recognized that the Church has been the historical center (and rallying point) of Black people, and as such, Mr. Sparks will be in a position to provide a real connection between the research being done and the actual experiences of Black people.

Kenneth Crawford is a practicing barrister in the Province of Nova Scotia, and by way of background, he came from the same social circle as Sandy Seale. He grew up and was educated in the same City in which Sandy Seale was killed. This gentleman has first hand knowledge of institutional and other types of racism predominant in Sydney in the 1960's and the 1970's and now as a practicing barrister,

Susan Ashley Page 2 July 20, 1988

can bring valuable information before the Commission.

Burnley Jones will conceptualize institutional racism from a historical perspective and will trace the affects of institutional racism on the Black Nova Scotia Society in general over the years and specifically identify policing and the administration of justice as one of the key social instruments which has systematically excluded input from Black society and has been particularly consistent in perpetuating stereo-typical treatment of Blacks in the justice system.

The Black United Front considers it to be absolutely important that there be a Black presence in the taking of evidence before this Commission of Inquiry, and that extensive cross-examination we are of the view that all submissions from these witnesses could be completed in one and one half days at the outside.

We recognize your time constraints and will work with you toward achieving our joint objective.

Yours truly, farly

Dear Mr. MacDonald:

RE: Donald Marshall Inquiry

Thank you for your letter of June 30th, which came while I was on vacation. I wish to confirm that my clients have reviewed the proposed Agreement of Facts and documents identified by you relating to Roland Thornhill and consent to their use subject to the following:

- that the Attorney General of Nova Scotia consents to their use;
- that the material is not used to inquire into the practices, procedures, methods or internal management of the R.C.M.P., nor is our consent to the use of the material to be interpreted as a waiver of our right to object to the use of the material for any purpose outside the mandate and authority of the Commission; and
- should Mr. Thornhill, the banks, or any party with standing tender other documents not yet identified by you at the Inquiry, we reserve the right to tender any other necessary documents or evidence to ensure that the Commissioners have all the material necessary to fairly assess the evidence.
- I have a copy of Mr. Saunders letter to you of July 14th concerning this matter. I share his views concerning a

#### RE: R.C.M.P. Witnesses

Thank you for your letter of July 19, 1988, addressed to Al Pringle. This will also confirm our telephone conversation of July 19th wherein I advised that the week of August 2nd is impossible for us. About the only available time is the week of August 8th and I would suggest that your interviews be conducted in Ottawa beginning on August 9th and running through to and including August 11th, if necessary.

In order that we may make the necessary arrangements in sufficient time to assure the availability of as many of the interviewees as possible, I have taken the liberty of asking the R.C.M.P. Headquarters in Ottawa to contact the necessary people to arrange for their travel to Ottawa during the week of August 8th.

for retired Commissioner Simmonds, it seems impracticable to us to require him to travel twice from May I suggest that you prepare written Austria. interrogatories for him to answer. Perhaps then he could come to Halifax a day or so early when he testifies, if you still feel his evidence is necessary.

Dear John

In reply to your letter of July 5, I remain committed to act as a reviewer of the Police Study and to attend the workshop on August 31. Though my arrival date is in some doubt, due to real Real estate problems, I plan on being in Halifax by August 1st. At that I will be pleased to be able to give the report and the workshop my full attention.

So I look foreword to seeing both you and the report in Halifax early next month

Sincerely

Dear John:

Marshall Inquiry Our File NO. 9201/1

This is further to my letter of July 5th which provided you with information for the police research project.

I am now advised that the Attorney General's Department does maintain in its filing system a category entitled "Complaints Against the R.C.M.P." These files are by year and simply filed A to Z unless it is a particularly lengthy matter in which case it is filed by the complainants name under the above category. I am further advised that files back to 1981 are currently available in the Attorney General's Department filing room and for earlier years at the Central Records.

If you wish to have access to these files, please advise and I shall make the necessary arrangements.

I apologize that this information was not provided in a cogent fashion earlier, but it was one of those matters requested by you which was not properly attended to by me.

Yours truly,

Darrel - Pink

Dear George:

Marshall Inquiry/Roland Thornill Our File No. 9201/1

This follows my letter dated July 7th. We are prepared to agree that the booklet of material as well as the Statement of Facts be used as evidence in any hearings involving Mr. Thornhill. However, we have grave concerns that his rights and interests be protected and that there may be additional information in the RCM Police files which he or his counsel would wish introduced on his behalf. If that were the case we would be in agreement and we also think it appropriate that Mr. Thornhill's counsel be given the opportunity to review the files held by the Attorney General's Department and the RCM Police well in advance of the September hearings.

I trust you will be forwarding to Mr. Thornhill a copy of the evidence and the agreed Statement of Facts and advising us of the name of counsel engaged by Mr. Thornhill. I suggest it would then be appropriate for his lawyer, Commission Counsel, Messrs. Bissell, Pringle and ourselves to meet to review the evidence and procedures planned for the hearings in September.

Mr. George W. MacDonald July 14, 1988 Page 2

Finally would you kindly indicate your intention concerning notification of the banks and what evidence you intend to present to them.

I am directing a copy of this letter to Mr. Bissell.

Yours truly,

Dear George:

Marshall Inquiry
Our File No. 9201/1

In reply to your letter dated July 11th we repeat our earlier advice that the Department does not have any file pertaining to the Douglas Mark Rhodenizer matter.

The only information we have ever seen was the documentation of the RCM Police provided by Jim Bissell.

I assume you are referring to the incident in 1974. Undoubtedly the Department has a file relating to the charge heard in 1980 where, according to your booklet of materials, a conditional discharge was granted. We have asked that a copy of the 1980 file be provided for our review.

Yours very truly,

Dear Mr. MacDonald:

Just prior to my departure for Toronto we met to discuss the issue of whether or not we, as Mr. Marshall's counsel, had any interest in appearing during the three-weeks set aside to examine the Thornhill and Billy Joe McLean cases. As you recall, it was your suggestion that I draft a letter outlining our position in this regard, in part to clarify that in your "taxing capacity" we would be ensured that counsel fees would be paid.

Our position might quite simply be summarized by stating the following points:

- 1. That as Mr. Marshall's counsel we take the view that if the Inquiry is entitled to examine into these issues we, having standing, are entitled to be present. This is obviously after all an Inquiry into the Donald Marshall, Jr., prosecution. Matters relevant to any aspect of Mr. Marshall's prosecution or his treatment within the administration of justice are matters in which we have an interest.
- 2. As part of our general mandate, the question surrounding the conduct of the Attorney General's office and the extent to which it is influenced for or against an individual by social class or ethnic background are matters in which we assert a real interest. This applies as well to the police, whether we are talking about the local police in Sydney or indeed the R.C.M.P.
- 3. I anticipate evidence given by Mr. Gordon Gayle or Mr. Gordon Coles in their treatment of this case may have a bearing upon their credibility and thus the answers given to their involvement with respect to Donald Marshall, Jr. Also, I would anticipate that their style of conducting themselves as disclosed

# Ruby & Edwardh

in these other cases may be of some importance in assessing the conduct of the case as directed by them when it came to our client.

It is for these three simple reasons that we assert we are entitled to be present to ensure that all aspects of Mr. Marshall's interests are fully protected. I don't believe I can add to these reasons except by explicating them in greater detail. They seem obvious to us and we would ask that you give us your earliest reply.

May I thank you in advance for your cooperation.

Sincerely,

Marlys Edwardh

Dear Ms. Ashley,

I am a sociologist in the Department of Social Sciences at the University College of Cape Breton, Sydney, Nova Scotia. Based on media coverage, I have been doing research on the Inquiry. Also, when the Inquiry's venue was Sydney, I attended the hearings regularly.

At the Learned Societies meetings in Windsor, Ontario in June, I presented a paper, "The Donald Marshall Inquiry: Everyday Culture and State Intervention", based on findings to date. This paper will be published in the <u>Canadian Ethnic Studies</u> journal's forthcoming special issue on Atlantic Canada.

I would like to have the opportunity to examine transcripts of witness testimony. My schedule is flexible for the remainder of the summer. Could you let me know when it would be convenient for me to do this research.

I have been told by colleagues, and have read in the media, about the preliminary findings of research commissioned by the Inquiry. If I could be of assistance in this endeavour, please let me know. John Briggs and Don Clairmont are aware of the work which I have been doing.

I look forward to hearing from your at your earliest convenience.

Sincerely,

Marshall Inquiry Our File 9201/1

This is further to my earlier correspondence regarding review of the files regarding Billy Joe MacLean at the office of the Speaker. Because of vacations, etc., I have taken the liberty of fixing a time for this meeting for July 29th at 10:00 a.m. at the Speaker's office in One Government Place. The Hon. T. Donahoe is away for most of the previous two weeks and therefore I have chosen that date.

I am assuming you are only interested in examining the files as they pertain to matters of interest to the Inquiry and you are not interested in reviewing the financial files in the Speaker's office regarding Mr. MacLean. These involve expense claim and material regarding reimbursement which I understand are not of specific interest to you. Could you kindly confirm.

ROYAL COMMISSION ON THE DONALD MARSHALL, JR., PROSECUTION

Dear Sirs and Madam:

The Sante' Mawi'omi wjit Mikmaq (Grand Council of the Mikmaq Nation) presents to you our commentary and recommendations pursuant to reading Dr. Clark's working paper on "The Mi'kmaq and Criminal Justice in Nova Scotia" and various oral reports of the confidential meeting of 15 June.

Our supplemental commentary and recommendations should be read concurrently with Dr. Clark research report. The document addresses some of the major areas of our aboriginal and treaty rights and the current jurisdictional conflict.

Since the beginning of the Commission, the Council has felt that one area which has been omitted was the federal Government's responsibility for protecting Donald Marshall, Jr., as a status Indian charged with homicide. In almost all other aspects of his life, the Department of Indian Affairs accepted financial responsibility for Junior Marshall. If I were part of the Commission, I would wonder why the federal Government fails to provide funds, either directly or through agreement with provincial legal aid societies, for defense attorney and investigators for status Indians at this dramatic time in their lives.

With the above question noted, the Council urge your consideration of the facts presented, and your good efforts in ensuring implementation of the recommendations made.

Respectfully yours,

Muder Lenny Mexander Denny Grand Captain

#### Re: R.C.M.P. Witnesses

I acknowledge receipt of your letter dated July 4, 1988.

We understood that you wished to interview four persons while in Ottawa; that is, four of the six witnesses identified from the Thornhill matter. If you are now asking for all those who attended the November meeting, it may be difficult and costly to get them to Ottawa for August 2.

Please confirm your request and confirm that the Commission will be paying for all travel costs for those persons who will be interviewed.

Dear Susan,

The attached is the list of areas which I have identified from the evidence as being the subject of factual dispute. As well, it includes those areas which you indicated in your memo titled 'FURTHER MATTERS'.

The first page is an index which is self-explanatory.

Throughout the remainder of the list, a name in CAPITAL letters indicates the person who offered the testimony before the Commission. Immediately following most of the capitalized names is the date on which the testimony was noted in my summary. Where a witness is cited whose appearance is one day or less, I have sometimes omitted the date of the testimony.

I trust this will be satisfactory and helpful to you and the Commission.

I will be back in Halifax on Tuesday July 12, and can be reached at 429-7962 should you have any questions or require additional information.

Sincerely,

Bob Wall

- WHEATON, Jan. 19, notes show April 16, Wheaton believes should be April 26, because certain it happened after letter to MacIntyre from How to turn over documents. (April 20.)
- 3. DAVIES, Jan. 28, refreshed recollection by reading transcript and talking with Wheaton believes April 26 because of date on inventory of documents given by MacIntyre and recall being shown letter from How.
- 4. WHEATON interview with Greg and Mary Ebsary dated April 17(?) says he showed them their '71 statements, which were not known to Wheaton until he received complete file from MacIntyre which he says was April 26.
- 5. EDWARDS, May 19, recalls Wheaton arriving at his office on Apr. 19 with Harriss statement and '71 Ebsary statements.

# VIII. REFERENCE

### A. What information was before the court?

- I can not from my notes make a clear statement of precisely what was before the court because:
  - a. I don't know if before the court includes all information available to them or only testimony and argument.
  - b. If before court means written information I don't know from testimony what if any of the written information was actually seen or read by any or all of the panel.
  - c. My summaries of Edwards and Aronson did not have information on that point because I deemed it part of the written record before the Commission and didn't detail which of the witnesses and affidavits were presented.

# B. Why did Crown urge exoneration of the system?

- 1. EDWARDS, May 25, believed that judges would not acquit unless they could blame Marshall and exonerate the system.
- Fear that court would order a new trial if he pressed for acquittal on basis of miscarriage of justice.
- COLES, Jun. 20, not considered a factor in compensation at the time.
- 4. COLES, Jun 20, there was no fault in the system, miscarriage was caused by witnesses lying.

#### IX. OTHER

# A. Was defense told Pratico was not at the scene?

- FLOYD, Oct. 26, said she called Rosenbloom's office and told an unidentified male this information shortly after trial.
- 2. COTIE, Oct. 26, said she was present and heard Floyd making the call.
- 3. KHATTAR, Nov. 5, no knowledge of alleged call, he was not retained beyond trial.

# B. Were Sydney Police aware of Pratico's mental problem?

- Mrs. PRATICO, Sept. 25, said policeman in plain car drove Fratico to N.S. Hospital summer of 71.
- PRATICO, Sept. 25, believes M.B. MacDonald drove him with mother and sister to N. S. Hospital.
- 3. MacDONALD, Sept. 21, not asked about this issue.
- URQUHART, Feb. 9, No recollection of driving Fratico to N.S.
   Hospital after trial but no doubt about hospital record which
   shows he did.
- MacINTYRE, Dec. 10, no recollection of Pratico going to N.S. hospital.
- 6. MATHESON, Nov. 9, aware that Pratico was taken to N.S. Hospital thought because of anxiety about alleged threats.

Dear George:

RE: MacKeigan et al. v. Hickman et al.

I enclose herewith top copy and one additional copy of draft Order. Copies of this letter and of the draft Order are going to Mr. Jamie Saunders and to Ms. Anne Derrick. I was not sure which counsel (on behalf of the Commission and Mr. Marshall) would be consenting to the Order; therefore, I have left space for the proper name to be typed on in these two cases.

I would invite all counsel to consider the form and let me know if you think it should be changed in any particular. If George hears nothing further from me, say within a week, this will mean that all are happy with the draft. I would ask him to then sign his consent to the top copy and send it on to Jamie who could then do the same and send it on to Anne for eventual return to me.

Yours very truly,

R. J. Downie

BEFORE: Constance R. Glube, C.J.T.D.

WHEREAS by Originating Notice (Application Inter Partes) dated and issued January 25, 1988, the Plaintiffs applied to this Honourable Court for relief with respect to certain Orders of the Defendants dated January 13,

1988, (the "Orders to Attend") which Orders required the Plaintiffs to attend before the Defendants for the purpose of giving evidence relating to the performance of their judicial duties;

AND WHEREAS evidence was adduced in support of the Application by way of the affidavit of R.J. Downie, Q.C., sworn and filed with this Honourable Court on January 25, 1988, with evidence being adduced on behalf of the Defendants by way of the affidavit of David B. Orsborn sworn and filed on April 21, 1988;

AND WHEREAS written Memoranda of Argument were filed with the Court on behalf of each of the Parties;

AND WHEREAS the Application came on for hearing on May 24 and 25, 1988 with oral argument being heard from counsel for each of the Parties;

AND WHEREAS at the conclusion of oral argument, her Ladyship was pleased to reserve her Decision;

a written Decision dated June 22, 1988 (the "Decision") wherein she found that the Plaintiffs are entitled to total judicial immunity and that they are neither competent nor compellable to testify on matters which came before them in their judicial capacity, specifically the Reference 1982/83. She further found that the Orders to Attend were ultra vires and beyond the authority of the Commission

and the Commissioners (the Defendants);

NOW UPON MOTION of R. J. Downie, Q.C., counsel to the Plaintiffs with counsel to the Defendants, counsel to the Intervenor the Attorney General of Nova Scotia, and counsel to the Intervenor Donald Marshall, Jr. consenting hereto as to form;

#### IT IS ORDERED, ADJUDGED AND DECLARED that:

- 1. The Plaintiffs are neither competent nor compellable to appear before the Defendants to testify concerning matters which had come before them in their capacity as Judges of the Appeal Division of the Supreme Court of Nova Scotia and specifically, matters which came before them respecting the Section 617(b) Criminal Code Reference relating to Donald Marshall, Jr. all for the reasons and to the extent set forth in the Decision.
- 2. The Orders to Appear are <u>ultra</u> <u>vires</u> the Defendants and unenforceable, and they are hereby quashed and set aside.

DATED this day of July, 1988.

### Re: MacKeigan et al v. Hickman et al.

I agree with your proposal for a per saltum appeal to the Supreme Court of Canada.

It is also the intention of Donald Marshall, Jr. to appeal that judgment, and would seem that that application for leave to appeal should be heard at the same time as your own.

Accordingly, my consent will be conditioned upon obtaining the consent of all the other parties to Mr. Marshall's per saltum appeal which I hope will be forthcoming.

Mr. John E. S. Briggs Director of Research Royal Commission of the Donald Marshall Jr. Prosecution Suite 1026 1505 Barrington Street Halifax, Nova Scotia

Dear Mr. Briggs:

Marshall Inquiry Our File No. 9201/1

Further to yours of June 21st, I believe I am now in a position to deal with most of the outstanding matters required for completion of our input into Dr. Stenning's report. I shall adopt the numbering from your June 21st letter.

- Details of statistics of public complaints and internal disciplinary matters - I am advised that the practice of the Police Commission has been to consolidate the forms provided by the municipal police force for inclusion in annual reports. The forms are then destroyed. The specific requested information is not available for past years.
- See number 5 below.
- I do not have this document, but have made a request for it. I shall advise upon receipt.

Mr. John E.S. Briggs Page 2 July 5, 1988

- 4. It is my belief that there are no written policies from the Attorney General concerning policing by the R.C.M.P. in Nova Scotia other than those which are contained in documents already provided, namely, the directive on the investigation of serious criminal offences, various memoranda to the R.C.M.P. and municipal police forces contained in the advice to prosecutors binder, the contract between the province and the R.C.M.P. and the R.C.M.P.'s operational manual as it reflects oral instructions/directives/requests from the Attorney General's department.
- 5. (1) Department of the Solicitor General

The reference in the 1988-89 estimates to "other policing services" is to provide aircraft surveillance to expedite the response to provincial emergency measures organization requests and to provide fast response time in searching for lost persons. Monies are also used to supply various forms to police agencies throughout the province.

When the 4.2 funded staff were allocated to this item in the Attorney General's department, it included the senior legal counsel and other support staff who, along with their other duties, had partial responsibility for policing within the province. This responsibility is now part of the Solicitor General's department. The solicitor for the department and other support staff will now carry out these duties.

The breakdown of the 8.8 staff positions and the budget under "Office of the Minister and Deputy Minister" is as follows:

Mr. John E.S. Briggs Page 3 July 5, 1988

Salaries, Wages, Benefits
and Travel \$ 426,000

Supplies 32,500

Consultants, committees and task force fees and expenses 25,000

Other 51,800 \$ 535,300

The 8.8 positions are:

Deputy Minister
Executive Secretary II
Auditor
Solicitor
Executive Secretary I
Deputy Inspector
Executive Assistant
Secretary II
Casual Assistant

The breakdown of budget and staff for the police commission are as follows:

(a) Administration \$ 221,000

Staff, Director of Police Research, Secretary III

Director of Personnel Development

(b) Police Review Board 112,000

Staff One Professional-new position One clerical-new position

Mr. John E.S. Briggs Page 4 July 5, 1988

Along with the additional two staff positions, the Commission will reallocate duties of current staff to assist with the additional workload created by the establishment of the police review board. Members of the police review board will be paid from this budget on a perdiem basis.

(c) Security services

89,700

Staff Director-Inspector of Security Services Secretary II

(d) Agreements

377,300

Atlantic Police Academy

(2) The Standard Police Training Plan

Documents are available for review by you at the office of the Solicitor General. Please advise when you wish to review them and I shall make the necessary arrangements. This responds to item #2 in your letter of June 21st.

Mr. John E.S. Briggs Page 5 July 5, 1988

(3) It is my belief that the province does not maintain information or statistics regarding complaints lodged against the R.C.M.P. while carrying out provincial policing functions. If I receive advice to the contrary, I shall advise.

Yours truly,

Darrel I. Pink

Dear George:

#### Our File No. 9201/1

Further to Tony Ross' request, for more information regarding the Nova Scotia Communications Project on Criminal Law, I now have better information regarding what that project produced.

Mr. Crane does not recall that a final report was produced. However, there is a document entitled "Recommendations" which takes the form a report. As well a critique of the project was prepared by Dr. Hans Bremar, a former staff member of the project. Copies of these are enclosed. I note editorially that many of the recommendations made by the project have, in fact, been implemented by the Department since 1979.

As well as these two documents and the one previously provided "Attitudes of Minorities to Criminal Justice Services in Nova Scotia", the following documents are available:

Mr. George MacDonald, Q.C. July 5, 1988 Page 2

- A Survey of Public and Professional Attitudes Relevant to Criminal Justice in Nova Scotia;
- "What If?" A Look at the Operation of the Legal System;
- The Economics of Crime and Crime Control;
- Provincial Temporary Absence Programs;
- Seminars, Symposiums and the Support Group;
- 6. The Administration of Correctional Institutions in Nova Scotia: Problems and Options;
- 7. The Public Inebriate Population within the Correctional Institutions in Nova Scotia;
- 8. The Mentally Ill Offender in Nova Scotia.

I trust these will be of some assistance.

Yours truly,

Dear Wylie:

Marshall Inquiry
Our File No. 9201/1

Thank you for your letter dated June 24th.

Our Notice of Appeal is restricted to questioning Cabinet Ministers on matters discussed at meetings of Executive Council. It is our contention that the Commission and/or Chief Justice Glube erred by interpreting its mandate so broadly as to include a revelation of matters considered by the Executive Council.

You should not interpret our Notice of Appeal as an objection by my client to the Commission's review of "other matters" at some later date if the Commission considers such an examination necessary.

What we have not yet agreed to is the manner in which such an examination will be conducted.

Once this phase of the Inquiry concludes we will have an opportunity to review with you our proposals.

Yours very truly,

Jamie W.S. Saunders

Dear Counsel:

RE: HER MAJESTY THE QUEEN v. THE ROYAL COMMISSION INTO THE DONALD MARSHALL, JR., PROSECUTION and DONALD MARSHALL, JR. - S.C.A. 01908

Further to the respesentations made to me in Chambers on June 23, 1988, in my opinion the issues placed before me at that time should be heard by the Panel on September 14, 1988, and not before a Chambers Judge or a Panel prior to that time.

Yours very truly,

Kenneth M. Matthews,

Justice

Dear Mr. Briggs:

Re: Dr. Scott Clark's Report "The Mi'Kmaq and Criminal Justice in Nova Scotia

In consultation with Chief John Knockwood of the Shubenacadie Band, we wish to take issue with several statements in the above mentioned document namely:

#### Page 29 Paragraph 2

"The Indian Affairs Department, recognizing the failure of its centralization policy, moved to divide the "Micmac Band of Nova Scotia" into separate bands so that the Micmacs could vote more easily on the disposal of reserve land and trust funds held by the Department.

The statement alluding to only one Micmac Band in Nova Scotia in not supportable by facts, as a matter of fact, just the opposite is well documented. We have taken the liberty of enclosing for your information a list of past Chief and Councillors for the separate Bands that inhabited Nova Scotia prior to 1958.

. . . /2

Please note that the Chiefs and Councillors located at Eskasoni were recognized as the Band Council of the Cape Breton Band; while the Chief and Councillors located at Shubenacadie were considered the Council of the Mainland Band.

We also have on file numerous documents showing where such present day Band's as Afton, Bear River, Millbrook and Pictou Landing had separate Band Councils of their own, which can and will be produced should the need arise.

#### Page 37, Paragraph 3

This statment colors all the surrounding communities and their residents as being out and out racists, by stating erroneously that only one Indian has ever been employed in the town of Shubenacadie.

The true fact is that although the town of Shubenacadie has had and still has more than its fair share of bigots and racists there was and still is many, perhaps the majority, who do not practice racism.

Such individuals as my father, William G. Paul, and Clarence Sack, built many of the homes in the town. They were given contracts in preference to local non-Indian competitors.

Other individuals who were experts in their fields, such as Louis Sack, Joe Paul, Andrew Paul and many others, were hired over their local non-Indian competition.

I would venture to guess that the reason no Indians are now employed in the Town, if in fact this statement is true, is quite simply that there are very little, if any, employment opportunities available for even the local population.

The vast majority of the residents of the Communities commute to either the Halifax/Metro area or Truro for employment purposes.

These are the two main areas that we take exception to; however, there is one other observation that we wish to make, which is our Bands make up 38% of the Registered Indian population in Nova Scotia; yet we were not consulted in formulating the report, nor were we invited to participate in the workshop held on June 16, 1988.

. . . /3

Should you have the need for further information, please advise.

Yours in Recognition of Treaty Rights,

Daniel N. Paul

Dear Mr. Julien:

#### Manes of Chiefs, Past and Present, of all Reserves in Nova Scotia

We are in receipt of your letter of July 5, requesting the names of the chiefs, past and present, of thirty-one reserves in Nova Scotia.

Our main sources of information in this office are the treaty paylists. These paylists show the name of the chief of a band upon receipt of treaty payment. Unfortunately, we do not have paylists for the Indians of Nova Scotia, since they did not receive treaty payments.

However, we are attaching a report on the chiefs of the bands which include the reserves that you listed.

You will note that, with the exception of Eskasoni and Shubenacadie Bands, our earliest record is 1958 and 1959, the year in which each of the bands held elections authorized by the Department,

In regard to Malagawatch Reserve, it is held jointly by Chapel Island, Eskasoni, Middle River, Sydney and Whycocomagh Bands.

We regret that we do not have a list of the chiefs of all of the reserves.

Yours sincerely,

D.P. Nigra,
Program Financial and Management Adviser,
Indian and Eskimo Affairs.

- (1) Stephen Maloney was elected chief in the summer of 1895. The election was held without first receiving the sanction of the Department, therefore Stephen Plaloney was not recognized as chief.
- (2) The appointment of Joseph Jeremie was not recognized by the Department, since the Indians residing at Elmsdale had not yet been provided a reserve, at the time of the appointment on August 28, 1911.
- (3) Peter Paul was elected chief for the Counties of Halifax, Hants, Kings, Lunenburg, Colchester and Cumberland, on July 26, 1912. This election was not recognized by the Department because four of the counties were regarded as separate bands and were in the habit of electing a chief for each band.
- (4) William Paul may have remained in office from 1921 to 1933. We have no correspondence on file during that period. This correspondence may have been destroyed in a flood which ruined many of our files a few years ago.
- (5) John Marr was deposed as chief by Order in Council P.C. 4483, June 13, 1944, as he was not considered suitable for the position of chief.
- (5) Stephen Knockwood was the only recognized chief in Shubenacadie Agency on September 3, 1946.

The Honourable Chief Justice Lorne O. Clark Chief Justice for the Province of Nova Scotia The Law Courts 1815 Upper Water Street Halifax, N.S.

Dear Chief Justice:

## RE: Appeal by the Attorney General of Nova Scotia from Chief Justice Glube's Decision re: Cabinet Confidentiality - S.H. Nos. 64097 and 641118

I act for Ponald Marshall, Jr. who will be a Respondent with respect to the above Appeal. I am writing to Your Lordship concerning the issue of this Appeal being heard by Justices of the Trial Division rather than Justices of the Appeal Division. I am concerned that there he no suggestion of the appearance of bias by the Appeal being heard by Appeal Division Justices in light of the fact that the entire Appeal Division of the Nova Scotia Supreme Court has retained Mr. Ronald Downie, Q.C. with respect to the case between the Justices of the Appeal Division and the Royal Commission. I do not feel in these circumstances that any of the Justices of the Court of Appeal can properly hear the Attorney General's Appeal in the above noted matter.

Correspondence on file between Mr. Downie and David Osborne refers to his representation of the Appeal Division of the Nova Scotia Supreme Court, including, but not limited to the Justices named in the Application between the Justices and the Royal Commission.

I am, therefore, respectfully writing to Your Lordship to ask that arrangements be made for the Attorney Ceneral's Appeal to be heard by a panel of Judges not from the Appeal Division who are appointed ad hoc for the purpose of hearing the Appeal. This was done in the Appeal by Donald Marshall, Jr. from Chief Justice Glube's decision not to grant him Intervenor status in the main proceeding involving the Justices of the Appeal Division. Despite the fact that this present Appeal does not bear directly on the Justices' case I do not think that any Judge involved in proceedings against the Royal Commission can take part in the hearing of this Appeal. It is worth noting as well that the issues

in both cases are inter-related in that both the Justices' Application and the present Appeal involve issues of immunity from testifying and the extent to which Judges or Cabinet Members can be questioned before the Poyal Commission.

I would appreciate hearing from Your Lordship in this matter.

Yours sincerely,

Mr. George W. MacDonald Commission Counsel Royal Commission on the Donald Marshall, Jr., Prosecution Maritime Centre, Suite 1026 1505 Barrington Street HALIFAX, N.S.

Dear Mr. MacDonald:

RE: MacKeigan et al. v. Hickman et al.

Thank you for your letter of June 29, 1988 wherein you inquire whether the Plaintiffs in this Proceeding would agree to the request by the Defendants that leave be sought to appeal the recent Decision of Glube, J. directly to the Supreme Court of Canada without following the normal appeal route.

Your letter makes several observations and raises a number of issues - all of which will have to be carefully considered by my clients.

I will, of course, be reporting forthwith. In the normal way, I will have to meet with the Plaintiffs to discuss the observations and issues referred to. I am confident that, when the necessary meetings have been held, I will receive instructions which will allow me to respond definitively to you.

I'll be back to you in due course.

Dear John:

RE: The Mandate of The Royal Commission and Compensation for the Wrongfully Convicted

I was somewhat surprised to hear in the news media last week that the Government of Nova Scotia alleged in a related proceeding in the Court of Appeal that the Commission was going beyond its terms of reference in dealing with compensation, among other issues. Obviously, I believe that compensation is part of the appropriate agenda in the Marshall case and I am also keenly interested in seeing the Commission make broader recommendations on this issue. I had thought that the Attorney-General was of the same mind.

I say this because Mr. Donahoe visited the Law School on April 9, 1987, as part of our Law Hour series of lectures. At that time, the Minister gave a short statement of what he thought were some of the major issues which he was facing as a new Attorney-General. He listed ten in all as part of his introduction and proportionately made extensive mention of the Marshall Commission, seeing it as inquiring into the "form, shape and substance" of the administration of justice in Nova Scotia. At the end of his opening remarks, he answered questions. Because I had a strong interest in the matter, I put several queries to him concerning compensation. His answers left me in no doubt of the essential aspects of the position of the Attorney-General on the issue. Certainly, he seemed to agree that it was within the terms of reference of the Commission. have retained my notes on the presentation of the Attorney-General and relate their contents to you now. My questions are repeated in exactly the manner they were put to Mr.

Donahoe, as I had written them in advance. His answers are based on my notes and recollection.

- 1. Q. Do you consider that the principles involved in compensating the wrongfully convicted and the manner of assessment of awards are within the terms of reference of the Marshall Commission of Inquiry?
  - A. The terms of reference do not include this issue in their exact words, but I expect the Commission to look at the issue anyway. I will not oppose this.
- 2. Q. Do you consider that the quantum of the Marshall payment can be appropriately reexamined by the Commission?
  - A. The Commission may well choose to comment on the quantum.
- 3. Q. Are you and/or the Government of Nova Scotia open to the prospect of increasing his compensation?
  - A. We are likely not open to increasing Mr. Marshall's compensation as things stand now.
- 4. Q. If the answer to my first question is NO, when and by whom will the question of the general principles on compensating the wrongfully convicted be addressed by the Government of Nova Scotia?
  - A. I did not answer your first question in the negative, but it does seem to me that such issues could ultimately be appropriately addressed before a redesigned Compensation for Victims of Crime Board or by a completely new Commission.

I believe that the above represents a faithful account of our exchange on compensation of the wrongfully convicted. About

Mr. John E. S. Briggs June 28, 1988 Page 3

forty to fifty people were also in attendance, so it was by all means a public forum. You can therefore understand my surprise at seeing a different position apparently being taken now, I assume by someone other than Mr. Donahoe.

I do not know if this information will be of much interest to you, but I pass it along anyway out of my concern that the Commission should be able to do its job well on such vital issues as compensation of the wrongfully convicted.

Yours sincerely,

Dear Wylie:

Marshall Inquiry
Our File No. 9201/1

Thank you for your letter dated June 24th.

Our Notice of Appeal is restricted to questioning Cabinet Ministers on matters discussed at meetings of Executive Council. It is our contention that the Commission and/or Chief Justice Glube erred by interpreting its mandate so broadly as to include a revelation of matters considered by the Executive Council.

You should not interpret our Notice of Appeal as an objection by my client to the Commission's review of "other matters" at some later date if the Commission considers such an examination necessary.

What we have not yet agreed to is the manner in which such an examination will be conducted.

Once this phase of the Inquiry concludes we will have an opportunity to review with you our proposals.

Dear Mr. Briggs,

Re: Proposed Nova Scotia Chiefs Meeting

Further to recent discussions, we wish to propose a one day meeting with all Nova Scotia Chiefs to review the draft report on natives and the criminal justice system. We believe that the direct input by our Chiefs on this report will assist the Commission and its researchers immensely in developing a deeper understanding of the issues involved.

We would recommend that the meeting involve all thirteen (13) Nova Scotia Chiefs, members of the UNSI executive, UNSI legal counsel and Commission researchers. We propose that the meeting be held in Halifax on Tuesday, July 12, 1988.

We estimate that the meeting will cost approximately \$5,500.00 to cover travel and honorarium expenses of the Chiefs. It is common practice within our community to provide our Chiefs with a per diem honorarium of \$150.00 (which also covers accommodation and meal expenses). Travel is also usually provided in the form of mileage at the rate of \$.25 per kilometre.

Please advise at your earliest convenience whether this one day meeting is acceptable.

Marshall Inquiry Our File No. 9201/1

I had the opportunity last week to attend the program in Toronto where legal issues involving aboriginal peoples were canvassed in a far amount of detail. I thought the enclosed paper might be of some assistance to you, if you are choosing to expand upon native courts. I spoke with Sam Stevens, its author, and he had no difficulty in my sharing the report with you.

I am also enclosing a copy of a decision of a tribal court of the Kahnawake Reserve. This tribal court was established without any input by any officials so, in that respect, it is purely an informal court. However, it is my understanding the three accused persons have choosen to abide by the decision and at present, how the matter will be dealt with by the public courts is to be resolved. In that regard, a statement presented to the Court of Sessions is enclosed. I hope you will find this of some assistance.

Yours truly,

Dear Susan:

As I mentioned today, I am trying to expand my business into other areas of Canada. In order to attract customers, I felt it would be important to obtain testimonials from customers we have served over the years.

I feel that it is in your best interests as well to help me in this expansion. Opening offices in other areas will mean (l) you will be assured of the same quality of service in those areas as you are here; (2) you would be able to book locally if you wish; (3) you would have some continuity on cases in which witnesses are examined in various areas; (4) you would, in many instances, be paying rates lower than those already existing in other provinces.

It would be helpful if you would send back a short testimonial. Enclosed is a self-addressed envelope for this purpose. Because I will be visiting various areas in July, it would be most helpful if I could have the testimonials back as soon as possible.

Thank you for your help in this regard.

Dear Mr. MaCDonald:

Re: Joseph Gaudet - Billy Joe MacLean RCMP Investigation

Further to Constable Gaudet's appearance on the 25th of May, 1988 and our conversation with you on that day, I have the following comments.

Cst. Gaudet is not prepared to agree to a statement of facts in relation to Staff Sgt. Wheaton's testimony. We are concerned that any statement or confirmation of facts would tend to further confuse the issue. Such a document, in light of the loose ends left by Staff Sgt. Weaton's testimony could lead to misunderstanding of what is or is not confirmed and may cause certain reflection upon the character and credibility of Cst. Gaudet.

It is our belief that the matter of the Billy Joe MacLean file investigation is still outstanding in the minds of the public. The matter has been raised and should be dealt with so that it's reflection on the administration of justice can be canvassed.

As we had previously indicated, we have no intention to persecute Billy Joe MacLean through the hearings. However, the questions raised in the file as they impact upon the administration of justice in this province are most relevant.

Some of the concerns identified are as follows:

- 1. Billy Joe MacLean's knowledge and apparent perusal of the contents of the confidential RCMP file investigating the fire at his restaurant at an early stage in the investigation.
- 2. Involvement of the Fire Marshall's office in attempting to surpress the investigation as well as attempting to deflect the cause of the fire to improbable causes.
- 3. Ministry of Labour's Jack MacIsaac's involvement in the file.

Mr. George MacDonald June 10, 1988 Page 2

Apparent about-face made by the prosecutor's office in Sydney about the strength of the evidence against Billy Joe MacLean.

Other concerns of lesser significance also arise out of this apparently politically sensitive investigation.

As you are aware, Cst. Gaudet will speak frankly about his knowledge of the political interference in this investigation. Cst. Gaudet is not attempting any grand standing but rather his interests are to ensure that the RCMP not be restricted in their ability to proceed with criminal investigations because of political consideration. This appears to be the direction the commission is headed in the fall of 1988.

If any further comments are necessary to further clarify this matter, then kindly contact me at your convenience. If you intend not to call Cst. Gaudet or delve into this matter at the hearings, then kindly notify me so that I may advise my client

#### RE: Marshall Inquiry - Michael Harris

I have copies of correspondence which has been exchanged between yourself, Mr. Murrant, and various responses from other counsel concerning the possible attendance of Michael Harris before the Commission.

I wanted to write to you and set out the position of Donald Marshall, Jr. with respect to Mr. Harris. As you will recall from previous correspondence from Clayton Ruby, and our submissions on the issue to the Royal Commission, we have objected from the beginning to Mr. Harris being called as a witness. We are, however, prepared to agree, if all other counsel representing parties with standing provide assurances that questioning of Mr. Harris will be restricted to what is being referred to as the "St. Peter's shuffle" and matters relating to the disclosure and publication or non-publication of this information, that we will also confine our examination of him to these matters. If there is no such unanimous agreement from other counsel with respect to this, or if Mr. Harris attends voluntarily without such assurances, then we are not prepared to agree to so confining our examination.

As I am interested in knowing as soon as possible if Mr. Harris will be testifying on Monday, would you please call Marlys Edwardh at the Sheraton to advise.

Dear Mr. Briggs:

Further to your letter of June 8, 1988, my review of Dr. Scott Clark's Report - "The MI'KMAQ and Criminal Justice in Nova Scotia, and my participation at the June 16, Workshop on "The MI'KMAQ and Criminal Justice in Nova Scotia, I wish to formally in writing state the issues which the Native Council of Nova Scotia, the representative organization of the off-reserve Micmac in Nova Scotia consider important for consideration.

Although I understand that the report is preliminary, for all intents and purposes it concentrated on on-reserve Micmac and recommendations which on preliminary review would not be accessible to the larger proportion of off-reservation Micmac.

Without impinging on the efforts of the Commission in dealing with it's central objective, nor to colour ancilliary findings as to whether or not native people are at a marked disadvantage when brought before the law as administered in Nova Scotia, I believe that the following must be carefully considered and noted.

First are citizens of Nova Scotia prepared to accept today in 1988 that there exist two distinct societies of people in Nova Scotia. The original People - the Micmac who occupied these lands for well over ten thousand years as a distinct society of peoples, and other Nova Scotians who came to these lands from foreign parts of the world within the last four hundred years to form the other distinct society of peoples - non-aboriginal Nova Scotians.

Second, are citizens of Nova Scotia prepared to renounce the past practices of assimilation, and belief that the Micmac people were and are inferior to the majority society because the Micmac are a people of a different society, with different language, customs, understanding, outlook on life. The difference as characterized between the non-aboriginal homo-centric worldview society and the Aboriginal eco-centric worldview society.

Third, are citizens of Nova Scotia prepared to acknowledge that in the early seventeenth century the forefathers of both societies agreed to live in peace and respect the rights of both societies, and in the event of dispute whatsoever may happen to arise between them, that they shall be tryed in His Majesty's Courts of Civil Judicature, where the Indians shall have the same benefits, advantages and privileges as any others of His Majesty's Subjects.

Fourth, are the citizens of Nova Scotia prepared to acknowlege now without waiting for the findings of the Royal Commission, but based on common knowledge of circumstances as indicated by countless Micmac over time, that indeed Indians do not have the benefits, advantages and privileges as any others before the law as administered in Nova Scotia, for many reasons: language barriers, ignorance of the system, poverty, fear, mistrust developed over years of persecution et cetera.

Fifth, are the citizens of Nova Scotia prepared to accept the fact that regardless of their countries highest Court's judgement that indeed the Micmac of Nova Scotia have special rights over and above those enjoyed by other Nova Scotians, as acknowledged in valid treaties, and to date, that their elected Government in Nova Scotia continues to ignore that fact and Court decision by hindering the Micmac from exercising those rights.

Sixth, are the citizens of Nova Scotia prepared accept the Constitution of Canada, which guarantees and protects the rights of the Aboriginal People's of Canada of whom the Micmac are one of those peoples, and thus that Canada indeed is made up of disticnt societies of peoples.

Seventh, are the citizens of Nova Scotia, the Government of Nova Scotia, and the bureacracy of Nova Scotia prepared to renew with the Micmac a treaty of peace and friendship acknowledging and respecting the dual societies of Nova Scotia - The Aboriginal and Non-Aboriginal.

Eight, are the citizens of Nova Scotia, the Government of Nova Scotia, the bureacracy of Nova Scotia and the Micmac of Nova Scotia willing to co-operatively work together to build a just, equitable, and law abiding Nova Scotia where one does not put the other at a disadvantage before its law by ignoring the Canadian Constitution, and the treatied rights of another society. Are the two societies willing to live within the cornerstone of democracy, the belief in God and the rule of law.

Nineth, are citizens of Nova Scotia and the Micmac themselves prepared to accept the fact that the Micmac people live in all parts of their land, and not just on Federal created reservations.

Tenth, can Nova Scotians and the Micmac ever hope to see an end to bigotry, racism, and intolerance in Nova Scotia, and teach their young about both societies and their past arrangements to live together in Nova Scotia.

Those are some of the fundamental issues which must be first understood, and then openly and co-operatively accepted by the two societies before any meaningful resolution could be achieved.

In my fifteen years as an ardent advocate for my people, I can advise the Commission that to date for each of the ten issues identified there has been "NO ACCEPTANCE" of them by Nova Scotians as represented by their Government.

So, how do we begin to get some YES's. For my part, and obviously I am biased, the Micmac through their many organizations, societies, and personal initiatives have proposed and proposed literally hundreds of initiatives which if supported by the citizens of Nova Scotia through their elected Government would have by now demonstrated that yes, the two societies in Nova Scotia are living in peace, and do have respect for each other.

Let me now turn to the issue of the report and the law. Let us assume that the time is right today or next year or in five years time to take issue number three and develop, and implement a process whereby Indians shall have the same benefits, advantages and privileges before the Courts of Civil Judicature in Nova Scotia as any others of His Majesty's subjects/Nova Scotians.

Let us assume that the findings of the Commission simply state that indeed in this instance an Indian did not have the benefits, advantages and privileges before the Courts because of a early ideological belief by some members of one society that Indians always get into trouble and what's the difference which one it is, and the Indian's ideological belief based on other Indians experience that no matter what I say or do, I am alone in this sea of another societies administration of it's law.

Let us assume that one day both societies want that changed, and indeed want to demonstrate as two distinct societies of peoples living in a democracy that indeed THE MICMAC SOCEITY OF PEOPLE DO HAVE THE SAME BENEFITS, ADVANTAGES AND PRIVILEGES REFORE THE COURTS of Civil Judicature in Nova Scotia to resolve whatsoever their disputes be they civil, and even to take it another step further criminal.

What would the majority of Nova Scotians, the Government of Nova Scotia, the bureacracy of Nova Scotia and the Micmac be prepared to propose to achieve that sixteen word phrase.

Well for a start certainly not by ignoring that there are Micmac living off the reserve.

Certainly not by the Government of Nova Scotia refusing to co-sponsor at the least a Court Workers Program or similarly developed assistance to Indians before the Courts.

Certainly not by the Government of Nova Scotia itself ignoring Canada's highest Court decision that Micmac do have rights different from other Nova Scotians.

Certainly not by ignoring the modern reality that it is not enough to just politic about an issue, rather, once the issue has been thoroughly politicked, the next step is to govern under the principles of a democracy within a democratic country that under it's constitution recognizes the existence of distinct societies of people within it who must also be allowed to flourish and propser by exercising their special rights and privileges unique to their distinct societies.

Certainly not by using a Royal Commission to simply become a safety value to release the building pressure of a society for change in th administration of justice for Indian people in Nova Scotia.

For my part, let us assume that I want to make the YES happen to that sixteen word phrase, and offered several considerations in the development of a process to achieve that goal.

Would it be considered possible for the Micmac peoples to establish with the financial assistance of both the Provincial and Federal Government a "Micmac And The Law Foundation" composed of Micmac representative of all Micmac, with the objective to ensure that all Micmac regardless of residency, who come before the Courts shall have the same benefits, advantages and privileges as any others who come before the same courts.

Would it be considered possible that the Provincial Legislature would create by an Act of the Legislature "The Micmac and the Law Foundation Act" codifying the process and procedures agreed by the two societies.

Would it be considered possible that the Foundation would propose to effect the recommendations contained in the preliminary report as well as others, and be accepted as a matter of law within the power of "The Micmac and the Law Foundation Act" by future legislatures.

Would it be considered possible that translation services, education about the legal system, legal aid, native court workers et cetera which would require hundreds of thousands of dollars to effect, and maintian could be secured from existing Provincial and Federal revenue and funds designated to the administration of justice.

Would it be considered possible to have pronounced and included in every existing job description of persons involved with the administration of justice a Government Policy directive which ensures that at any time when an Indian comes before the Courts, everyone is satisfied that "The Micmac does have the same benefits, advantages and privileges before the Court" as any other.

Would it be considered possible that sometime in the future when more Micmac enter the legal system as lawyers, that based on current appointment criteria and in furtherance of the sixteen word phrase, that a Micmac could one day be considered and appointed as a Judge.

These and much more could be considered possible, and I would gladly share and politic with everyone dedicated to bring about a YES for issue three, and reality to the sixteen word phrase "THE MICMAC SOCIETY OF PEOPLE DO HAVE THE SAME BENEFITS, ADVANTAGES AND PRIVILEGES BEFORE THE COURTS", however, as a Micmac living in Nova Scotia, advocating for my people, all my life, and meeting constant resistance, and indeed on following the reportings of the Commission, I remain to be convinced that Nova Scotia is ready for change and accept the Micmac as a distinct society of people within Nova Scotia, and accordingly begin to witness governing in that regard.

As learned and respected and indeed the single most important element of the foundation of a democratic society - The Judiciary, after hearing countless days of testimony in this inquiry alone from countless witnesses, are you convinced that Nova Scotians through their Government of Nova Scotia are ready to just consider the possibilities that I have proposed, not even looking at the many others from other Micmac; let alone govern so as to make issue number three and the sixteen word phrase a reality?

In summary, all problems of any society are resolveable, however we must first be willing to explore the possibilities, and then effect the necessary actions in stages or globablly to resolve the problem. If we can't even begin to look at possibilities, or if we simple accept narrow views or recommendations which do not include all the Micmac people regardless of where they reside in Nova Scotia, we then simply prolong the problem.

I do not accept the comments made last Thursday that when the Commission has concluded their work, and report that we simply wait. Indeed, I feel that the Royal Commission regardless of whether its findings support the Micmac contention that Micmac Indians have and continue to be disadvantaged before the Courts, or the Government's contention that this one prosecution could not be used as a basis to demonstrate that Indians are disadvantaged before the Courts. The Royal Commission is making history, because since the time of the early treaties, and despite the countless complaints of the Micmac, the Royal Commission is the door opened for both societies to enter through co-operatively. And we must now step through the door and see what new arrangements are required to accommodate both societies living in one house, to at least assure ourselves "The Micmac will have the same benefits, advantages and priviledges as any others before Her Majesty's Courts of Civil and Criminal judicature."

Dear Mr. MacDonald:

#### Marshall Inquiry

While I was not present at the meeting of Counsel held on Wednesday, June 22, I understand that a position was advanced by Commission Counsel that in addition to making submissions on the various issues to the Commission itself, that Commission Counsel will be involved in some way with respect to the ultimate report filed by the Commissioners.

I would appreciate it if you would clarify what you consider to be appropriate assistance to be rendered by Commission Counsel to the Commissioners with respect to their ultimate report.

I may wish to ask for leave from the Commissioners to make oral representations to them with respect to the assistance that it is appropriate Commission Counsel should render. Before making this decision, however, I would like to have an outline from you as to the scope of the assistance and involvement you feel Commission Counsel should take.

I received a faxed copy of your letter to George MacDonald dated June 22nd at 9:15 a.m.

I don't know what you mean when you say that "... other counsel have not"... "been forthcoming...". Yesterday was the first occasion when I heard it mentioned that Michael Harris might be a witness on Monday, June 27th.

I don't have a copy of George MacDonald's letter of June 21st and so I am at a disadvantage regarding his suggestion which you describe as "most helpful". Would you see that a copy of that letter is delivered to me?

When I have this missing information I will be as forthcoming as I can.

Dear George:

Marshall Inquiry
Our File No. 9201/1

I write to express my concern about one matter raised during the meeting of counsel at noon hour yesterday.

I believe you said that after final argument by all counsel in Sydney you "anticipated being involved in the process in some way".

I haven't looked at procedures employed in other commissions of inquiry but I recall certain speakers at the Conference on Royal Commissions convened at Dalhousie University in February who suggested that this was not appropriate. It has always been my feeling that at the conclusion of argument the Commissioner(s) retires to write his/their decision and all communication between the Commissioner(s) and any other counsel ceases.

If I am wrong in this or if there is precedent to the contrary from other jurisdictions I would like to be advised.

Mr. George W. MacDonald, Q.C. June 23, 1988

I believe this is something all counsel should think about and address at a subsequent meeting.

Dear Mr. MacDonald:

#### RB: Marshall Inquiry - Michael Harris

I have your letter of June 23 together with correspondence from Messrs. Pugsley, Pringle and Saunders.

The effective concern in having Mr. Harris appear voluntarily is the fear that he would be put on the rack for the benefit of all counsel having interest in the Inquiry. If all counsel were to agree to confine their questioning to the "shuffle" and matters pertaining to it - as has Mr. Pringle - then there would be no adverse consequence in the appearance of Mr. Harris.

This amounts to all concerned following the guidelines set forward by the Commission and giving their commitment that the questioning would not be expanded.

This, to me, would appear to be a simple solution.

Yours truly,

Robert Murrant

Dear Mr. MacDonald:

#### RE: The Marshall Inquiry - Michael Harris

I have your letter of June 21.

Your suggestions are most helpful.

The effective problem lies with the potential for abuse should Mr. Harris volunteer to attend. You will appreciate that any involvement of his at this stage, is entirely voluntary. In participating, significant legal rights and remedies would be waived, once and for all.

Mr. Harris would not be prepared to waive these rights and remedies in the absence of a clear understanding as to the scope of any examination that would occur. Unfortunately, while you have been forthcoming as Commission Counsel, other counsel have not.

Mr. Harris will not consider this matter further until such time as we have received, from all parties, confirmation to the effect that they agree to confine their examination to the "St. Peter's shuffle" and matters relating to the disclosure and publication or non-publication of this information.

A copy of this letter is going forward to all concerned inviting

Re: Marshall Enquiry

Thank you for your letter of 8th June and thank you also for your kindness in sending me a copy of the Federal-Provincial Taskforce report on compensating wrongly convicted and imprisoned persons. This is most interesting and will be useful to us when arguing with our own authorities about establishing a statutory scheme.

Further work on the draft of our Miscarriages of Justice report is under way, including filling the gaps in the statistics. will let you have a copy of the final version when it has been approved by the committee.

Dear Mr. Murray:

#### RE: Marshall Inquiry - Michael Harris

Further to your recent correspondence and my telephone conversation with Mr. Orsborn, I wish to bring Mr. Harris' position up to date so that there will be no misunderstanding.

Nowhere in its decision does the Commission indicate the need for Mr. Harris to appear and give viva voce evidence. Indeed, the contemplation of the Commissioners is just the opposite.

The matter should be handled in the same fashion as Alan Story - this presumes a dialogue in exchange of information including the questions to be posed. This you, for some reason, refuse to do.

Given Mr. Harris' intended affirmative answer, certain supplementary questions may arise. Obviously, you are going to have to do your preparation sooner or later and you are going to have to identify what questions will be put forward. How you prepare is of course entirely up to yourself.

The matter of preparation is of course important from Mr. Harris' perspective. He would like to know exactly what will be required of him should he volunteer the evidence. The fact that you refuse to identify the questions to be asked is of concern, as the failure to do this leaves us in serious doubt as to the scope of the questioning and the fact that the questioning will be confined to the one topic permitted by the Inquiry.

### RE: Research on MicMacs and the Criminal Justice System

I am enclosing the cards of Samuel D. Stevens, Director of the Native Law Program at the University of British Columbia. I met Mr. Stevens today at a conference on Native Law. Although I only had the opportunity for a brief discussion with Mr. Stevens, he seems very knowledgable with respect to issues of Tribal Justice, Tribal Courts, Customary Laws, etc. In fact he is on his way to attend a conference on accessability to Civil Justice for Native people soon to be held in Toronto.

I thought Scott Clark and yourself might be interested in making contact with Mr. Stevens if you are not aware of him already, and I wanted to pass this information along.

Yours sincerely,

Dear Sir:

Re: Workshop on the Role of the Local Crown Prosecutor - June 23, 1988

As you requested, the following is my written critique of Professor Archibald's study of the Prosecuting Officers and the Administration of Justice in Nova Scotia. For your assistance I have also enclosed copies of certain materials which you may find of assistance in considering this important topic. I expect to be in Halifax afternoon sometime after 5:00 and would therefore be available for a dinner meeting as you suggest in your letter of June 9th. I will be staying at the Delta Barrington if you wish to leave a message as to the time and location of the meeting.

R.Apostle Crime Stats

june 16,1988

In light of our discussions on monday and wednesday and following up on the comments made by Philip and myself on the initial draft, I have looked over statistics canada data on crime stats. Copious material is collected by statscan each month from all departments and detachments in Nova Scotia. The enclosed forms provide the detailed breakdown of offences for which data are available. There is a lag of roughly one year in the publication of uniform crime reports but quarterly data are available for a quartet of N.S.units (Halifax, Dartmouth, Sydney and Truro) on a more ready basis. It may also be possible to obtain raw monthly data virtually without delay. Also these data have been gathered for many years I understand so some analysis could be made of the patterns over time - perhaps even a comparison of the period of the original Marshall incident with the current period. I see no problem at all in obtaining this information.

The section of statscan to contact is Canadian Centre for Justice Statistics (19th floor, Coats Building, Ottawa, kla, 0t6) and the key person is Robert Grainger, senior advisor, law enforcement program.

Turning to the offences themselves they of course broken down or grouped in a variety of ways. How this might be done might depend on how(and how fast) Grainger is prepared to make the data available. The common categories are nonsexual assault, sexual assault, robbery, break and enter, theft, fraud, theft motor vehicles and traffic. You could ask for offences grouped by crimes of violence (homicide, attempted murder, sexual and assault, nonsexual assault,abduction robbery subcategories are themselves groupings of offences), crimes of property (b and e, theft, fraud) and total criminal code. These three broad categories are analytically valuable but you can always generate them yourself if you have the complete listing of categories. For each of whatever categories one selects, one can also get the breakdown on reported/actual number,% cleared and persons charged. Again on this latter dimension set even finer breakdowns are possible (eg,adult vs young offenders, cleared by charge or cleared otherwise). Finally it would be possible to have all this info by designated grouped areas compatible with the investigative resources map, provided departments and detachments are specified.

Dear John:

Marshall Inquiry Our File No. 9201/1

You will recall that in earlier correspondence you asked that we confirm whether or not there were files, documents or other materials in the Office of the Speaker relating to either the Roland Thornhill or Billy Joe MacLean cases.

Darrel and I met with the Speaker recently and we have been advised and I can now inform you that there are no materials in the Speaker's Office dealing with the Roland Thornhill I further confirm that the only file in the Speaker's Office relating to the Billy Joe MacLean case consists of the correspondence and MLA expense vouchers which I believe So far as we are concerned there is you have already seen. nothing new or different.

I trust this is the confirmation you were seeking and I will look forward to your acknowledgement.

Dear John:

Attached please find a copy of my review of Dr. Scott Clark's report, The M'KMAQ and Criminal Justice in Nova Scotia.

I'm afraid that the time was rather short to do a more comprehensive review but I hope you will find what I have done useful. I was anxious to send it to you as I know you want material available prior to the workshop and I leave Ottawa this Friday.

Looking forward to seeing you June 16th.

Dear Mr. Orsborne:

#### Re: Donald Marshall Inquiry

Further to our telephone conversation of June 14, 1988, I understand that you will consult with George MacDonald and let us know as soon as possible which RCM Police members and former members you wish to interview for the Thornhill aspect of the inquiry.

We have suggested that the interviews take place in Ottawa as two of the persons identified reside in the Ottawa area (i.e. Superintendent Roy and Deputy Commissioner Quintal) and you may wish to have retired Chief Superintendent Feagan and Assistant Commissioner Venner come in from British Columbia at the same time. If so, would you please confirm that the Commission will pay travelling expenses for those former members. We have discussed this matter with RCM Police General Counsel in Ottawa and have tentatively suggested the week of July 25th for such interviews.

Would you kindly let us know as soon as conveniently possible who you wish to interview, whether the week of July 25th is convenient and, if not, suggest alternative dates which we can look to.

With respect to former Commissioner Simmonds, we would appreciate learning how you intend to conduct the interview.

#### HAND DELIVERED

The Honourable Mr. Justice Gregory Evans c/o The Royal Commission on the Donald Marshall, Jr., Inquiry Suite 1026, Maritime Centre 1505 Barrington Street Halifax, Nova Scotia B3J 3K5

Dear Sir:

Annual Dinner - Federal Prosecutors Mount Saint Vincent University Rosaria Centre Dining Room - June 29, 1988 at 7:00 p.m.

This will confirm that the Federal Prosecutors Annual Dinner is scheduled for June 29, 1988, at 7:00 o'clock p.m., at the above noted location. We are looking forward to your address on that occasion.

Invited guests at the Annual Dinner will include the Chief Justice of Nova Scotia, Lorne Clarke; the Chief Justice of the Trial Division of the Nova Scotia Supreme Court, Constance Glube, and some members of the local Bar. I expect there will also be a number of faces familiar to you from our Headquarters and from our Toronto Regional Office including Doug Rutherford, Julius Isaac, and Michael Dambrot.

We are very happy that you have agreed to speak to us on this occasion. Please feel free to address us on any subject matter that is of particular interest to you. Naturally the group would be very interested in your observations on commissions of inquiry, as well as the roles and responsibilities of Crown and defence counsel.

The Honourable Mr. Justice Gregory Evans June 15, 1988 Page 2

For your information, I enclose a copy of our agenda during the week. I realize that the Inquiry is sitting at this time, but hope that you would feel free to sit in on any of these sessions during the week if you do become available.

May I also take this opportunity to congratulate you on your retirement and wish you many happy and healthy years.

Yours very truly,

### Our File No. 9201/1

For a change, I would like to ask if you could arrange for certain information to be provided to me.

The Solicitor General has recently established a Minister's Task Force on Municipal Police Training with a mandate to "develop a comprehensive training and education plan for municipal law enforcement officers". To assist in its endeavours, the task force would like to have available to it as much current information as exists regarding the amount of training undertaken by municipal police officers in the province.

We are aware that Professor Apostle, as part of his research, has surveyed all police departments to determine the courses attended by individual officers over the last five years. This information would be very useful to the task force and I request that it be provided to us so we can avoid the need to duplicate the efforts already undertaken.

I look forward to your positive response to this request.

Yours truly,

for Barrel I. Pink

Conference Attendance

Date June 9, 1988

The Department has instituted a new procedure to approve of attendance by staff members at conferences. A Conference Committee chaired by Gerry Conrad and composed of Gordon Gale, Bruce Davidson, Reinhold Endres, John Wade and myself, has been mandated to consider all requests for conference attendance. Any such request by a Prosecutor to attend a conference should be directed to my attention in the first instance in order that it might be raised with this Committee.

#### RE: Marshall Inquiry - Michael Harris

I have your letter of June 9.

The position set out by former Chief MacIntyre does not vary the considered position stated in our correspondence of June 8.

It may be necessary for us to meet in order to resolve this impasse, as I do not feel the present letter writing exercise is advancing the interests of any of the concerned parties.

Yours truly,

Dear Chief Justice Clarke:

I have received a copy of Ms. Derrick's letter to you dated June 7, 1988.

I do not consider it appropriate for counsel to be suggesting the constitution of the coram or whether certain (or all) Justices are or ought to be precluded from sitting and fulfilling their judicial functions and duties.

My purpose in writing is merely to avoid the suggestion that silence on my part could be taken as acquiescence or acceptence of her views.

If you wish to hear representations from me and other counsel, I would be happy to attend at your request.

Dear Alex:

Thank you for your letter of May 30th and invitation to attend a workshop on June 16th. The secretary of our Inquiry received a similar invitation from your secretary and he would like to attend the workshop and spend some time with your staff.

Unfortunately, neither Chief Judge Sinclair nor I will be able to attend. Apart from other commitments, we are rather slow getting started in view of the change of government and the fact that the budget submitted by us has not yet been approved by government. Our ability to expend funds is also limited as a result.

I do thank you for your earlier agreement to permit our secretary to contact yours and to obtain advice, assistance and information as we start into our Inquiry.

Looking forward to seeing you at the end of August, I remain,

Sincerely,

The Honourable Chief Justice Lorne O. Clark Chief Justice for the Province of Nova Scotia The Law Courts 1815 Upper Water Street Halifax, N.S.

Dear Chief Justice:

RE: Appeal by the Attorney General of Nova Scotia from Chief Justice Glube's Decision re:Cabinet Confidentiality - S.H. Nos. 64097 and 641118

I act for Donald Marshall, Jr. who will be a Respondent with respect to the above Appeal. I am writing to Your Lordship concerning the issue of this Appeal being heard by Justices of the Trial Division rather than Justices of the Appeal Division. I am concerned that there be no suggestion of the appearance of bias by the Appeal being heard by Appeal Division Justices in light of the fact that the entire Appeal Division of the Nova Scotia Supreme Court has retained Mr. Ronald Downie, Q.C. with respect to the case between the Justices of the Appeal Division and the Royal Commission. I do not feel in these circumstances that any of the Justices of the Court of Appeal can properly hear the Attorney General's Appeal in the above noted matter.

Correspondence on file between Mr. Downie and David Osborne refers to his representation of the Appeal Division of the Nova Scotia Supreme Court, including, but not limited to the Justices named in the Application between the Justices and the Royal Commission.

I am, therefore, respectfully writing to Your Lordship to ask that arrangements be made for the Attorney General's Appeal to be heard by a panel of Judges not from the Appeal Division who are appointed ad hoc for the purpose of hearing the Appeal. This was done in the Appeal by Donald Marshall, Jr. from Chief Justice Glube's decision not to grant him Intervenor status in the main proceeding involving the Justices of the Appeal Division. Despite the fact that this present Appeal does not bear directly on the Justices' case I do not think that any Judge involved in proceedings against the Royal Commission can take part in the hearing of this Appeal. It is worth noting as well that the issues

in both cases are inter-related in that both the Justices' Application and the present Appeal involve issues of immunity from testifying and the extent to which Judges or Cabinet Members can be questioned before the Royal Commission.

I would appreciate hearing from Your Lordship in this matter.

Yours sincerely,

BUCHAN, DERRICK & RING

Subject FAMILY DISTURBANCES
AND ASSAULTS

Date May 24, 1988

The following instructions supersede any prior instructions regarding family disturbances and assaults:

- 1. The Solicitor General has issued instructions to the police that they are to respond to and fully investigate all complaints of family disturbances and assaults and that the police should arrest the apparent perpetrator of the assault where the situation warrants.
- 2. Where the police recommend prosecuting a charge under Section 245(a) or (b) (assault), 245.1 (assault with a weapon or causing bodily harm), 245.2 (aggravated assault), 245.3 (unlawfully causing bodily harm), 246.1 (sexual assault), 246.2 (sexual assault with a weapon, by threats or causing bodily harm), or 246.3 (aggravated sexual assault) of the Criminal Code and the Prosecutor is satisfied that sufficient evidence is available, the charge shall be prosecuted by the Crown regardless of the complainant's wishes.
- 3. It is not a prerequisite for the Crown proceeding with a prosecution under Section 245(b) of the Criminal Code that the accused has been previously convicted of assault or the victim has made a previous complaint to the police.

4. Charges initiated by the police under Section 245(b) of the Criminal Code may be laid in either the Provincial Court or the Family Court. The choice to proceed in one Court or the other depends upon which Court can deal with the matter more expeditiously in the local circumstances at the time.

By Order in Council No.84-1496, the Family Court has been granted concurrent jurisdiction with the Provincial Court over matters arising under Section 245(b) of the Criminal Code where the parties involved are husband and wife or parent and child. The definition of husband and wife in the Family Court Act includes persons living together as husband and wife for a period of at least one year.

5. It is important to establish and implement procedures to handle domestic violence cases as quickly as possible. Where necessary, please discuss such procedures with appropriate officials of the local Provincial Court and Family Court. The prompt service of a summons to an accused and the earliest possible court date are important steps to reduce the likelihood of a repeat offence.

Donald Marshall, Jr. Prosecution
Suite 1026
1505 Barrington Street
Halifax, N.S.

Dear Mr. Briggs:

Police Research Our File No. 9201/1

As promised, I have received further information from the Department of Municipal Affairs as it pertains to the financing of municipal police forces. I enclose a copy of a letter from Melissa Raymond which I trust will provide the information requested.

Yours truly,

Darrel I. Pink
