File No. 88-P-5

"Without prejudice"

Dear Sir

During the past ten years, the undersigned has been a member of the Halifax Division of the R.C.M.P. Vets.

Although the charter of this organization details the various ways former members interests should be advanced, in my case the exact opposite has transpired.

My post graduate studies taught me, that history often holds the answer to present day circumstance. With the assistance of CSIS, I have established that you sir are one of the villains.

In April, 1982, the undersigned was issued a new certificate of service, as the result of an investigation by the Privacy Commissioner of the R.C.M.P. Also, an O.C.'s letter of commendation for investigative excellence and a certificate of achievement for recognition of home made bombs (the course taken at my own initiative) were supposed to have been re-introduced to my file. The investigation concluded that the documentation was removed at the Div. level when the Deputy Commissioner of the day challenged Inspector P.H. Bourassa on the resignation of an officer, who displayed expertise as a capable investigator.

The request to CSIS for record check reveals no reference to the correction of the file and the Force have circumvented the RCMP Privacy Commissioner.

Attached are copies of the O.C.'s letter of commendation and the report of the Detachment Commander of Bridgewater Detachment. Also, a report is displayed, signed by you which is the opposite of those findings.

You make mention of my immaturity. I was transferred from Windsor Detachment after giving a Provincial Minister of the Nova Scotia Government a traffic ticket. The O.C. of the day indicated that I "needed closer supervision".

The incestuous relationship that you enjoy with Mr. Buchanan's government, that has cost Cpl. Cyril House his career started years ago and others no doubt have suffered because of your incompetence.

Copy: Privacy Commissioner  
& Marshall Inquiry.

Yours truly

  
Ron S. Seney

ASSOCIATE CHIEF JUSTICE LAWRENCE A. POITRAS  
COMMISSIONER

THE HONOURABLE  
MR. JUSTICE GREGORY THOMAS EVANS  
COMMISSIONER

February 8, 1988

Mr. R.S. Seney  
Meisner's Meadow Recreational Lodge  
R.R.# 3, New Germany  
Lunenburg County, Nova Scotia  
B0R 1E0

Dear Mr. Seney:

First of all I would like to apologize for not responding to your letter addressed to me dated September 3, 1987. It is my practice to answer all correspondence and I have no explanation as to why your letter was overlooked. I can only assume that it had something to do with the fact that I started with the Commission in the last week of August and was probably quite overwhelmed with the prospect of the public hearings beginning on September 9th. In any event, I do apologize for the oversight. Your second letter which we received on January 29th has been directed to the attention of the Chief Justice.

As you know, we have stated publicly our intention to look not only at the Marshall case but at the administration of justice as it applies more generally in the province of Nova Scotia. At the end of the day we hope to be able to make recommendations which will improve the justice system in the Province while ensuring that the situation in which Mr. Marshall found himself will not recur. Your comments reinforce our view that an Inquiry such as this is timely and necessary.

Thank you very much for your interest in the work of the Royal Commission and for taking the time to write to us.

Yours truly,

  
Susan M. Ashley  
Commission Executive  
Secretary

Ms. Susan M. Ashley  
Commission Executive Secretary  
Royal Commission on the Donald Marshall Jr.  
Prosecution & incorrect confinement  
Suite 1026 - Maritime Centre  
1505 Barrington Street  
Halifax, Nova Scotia  
B3J 3K5

Dear Ms. Ashley

The undersigned served as a law enforcement officer for twenty years, half of this service in Nova Scotia, as an RCMP member, Municipal Police Constable, Deputy Chief, Chief of Police and CNR Special Constable.

I know the Criminal Justice System in Nova Scotia, in intimate detail. In fact, I have completed research on a book "Deviance of the Establishment" with some candid disclosures about corruption

When the Progressive Conservative Government of John Buchanan ousted Gerald Regan's blatantly corrupt Liberals, I was taking a Firearms Inspectors course in Yarmouth and I really looked for some improvement from Kick-backs and patronage appointments of inept officials.

Buchanan's Government has exceeded Regan's for corruption and patronage. The Attorney General's Dept. has put Goal Supt's. in their own jails for breach of trust and Sheriffs (several) Deputy Sheriffs and a host of others.

No assessment of the injustice suffered by Donald Marshall, Jr. would be complete without a detailed look at the entire Criminal Justice System of Nova Scotia.

2.

As far back as 1965, when Cst. Keith Llewellyn and I (RCMP officers) apprehended a LCol. of the Canadian Forces Reserve with two hookers at the Keddy Motor Inn, in Armdale, just outside Halifax, he in uniform with a junior NCO showing up with two of Ada McCallum's girls and that being hushed up because the officer was a media executive in civilian life.....

To 1976, when as Deputy Chief of the Town Police Force, in Lunenburg, N.S., when I arrested the Town's By-law enforcement Officer for pimping for Ada (again) and selling pornographic materials and making interest free loans to police constables from Halifax contacts, which saw the removal of two police officers (one to the N.S. Civil service, "the pimp" because he had provided some influential people with sexual services) and the other to the Bridgewater Town Police on the recommendation of Lunenburg's RCMP Detachment commander! .....

Sheriffs, Police Chiefs, Deputy Sheriffs, Jail Supt's. J.P.'s, Crown Prosecutors, etc. etc. have found themselves before the courts because the Criminal Justice System in Nova Scotia is rife with patronage appointments and the merit principle is a farce.

I hope to make some of the hearings, as I did for the Barrow-McFadden trial and the Kentville Police inquiry gathering material for my book. Constable Keith Llewellyn, (formerly RCMP) was invalided to pension when the corrupt Nova Scotia system got the best of him.

God has sustained this beleaguered former cop and I have been accepted as a full candidate for United Church ministry.

Respectfully

### Criminal Justice System in Nova Scotia

The undersigned submits the following accounts of abuses of the Criminal Justice System since 1964, when the writer first arrived from recruit training with the RCMP. The incidents form a part of the manuscript of my book "Deviance of the Establishment" soon to be published. I submit the incidents exactly as they occurred, without malice or prejudice with the intent of assisting the Marshall inquiry. Names are not mentioned. (except in positive cases)

Incident #1 - While serving on Windsor Rural Detachment in 1965, I had occasion to stop a violator of the Motor Vehicle Act, at Mount Uniacke, Hants County, on the No. 1 Provincial Highway. The motorist was rude to the extreme. "Do you know who I am?" etc. I issued the Nova Scotia Provincial cabinet Minister a traffic ticket. The very next day, Windsor Detachment was subject of an inspection by the Commanding Officer of the Division - A Chief Supt. who only wished to see one member - you guessed it. I was advised that the Minister had complained "that I had not smiled" during the encounter. The Chief Supt. advised me that I was being transferred to Halifax Detachment, "because you require closer supervision". The ticket was cancelled. (I submit that the RCMP and the Prov. Government enjoyed a similar closeness in the Thornhill matter.)

Incident #2 - During 1964 & 1965 the Detachment Commander was purchasing ; late model cars and renting them as funeral cars to the local funeral director. (Who went on to be an M.L.A. and more recently was convicted of a casket switching scam.) Also, the Detachment Commander was recipient of a civil service job upon his retirement. (I submit that RCMP officers that do not make waves get rewarded. Don't look for Staff Sgt. Wheaton to work for the Province on his retirement, he is too honest.)

Also, my first exposure to pornography was at this Detachment and a local railway engineer provided the films for stags. The hypocrisy of morals law enforcement has later significance.

2.

Incident #3. - Upon my transfer to Halifax Detachment in 1965, another Constable and the writer (acting on a tip) staked out the Armdale Motel. A Corporal with a local militia unit attended at the hotel in the company of two Montreal hookers affiliated with well known prostitution service situated in Dartmouth. The client waiting in the motel was a LCol. also in uniform. My associate and I swooped in on the hotel and one lady of the night was chased on foot up the Bay road and in apprehending her I was assaulted. (purse over the head). The other lady of the night was pursued up the Herring Cove Road and arrested after a foot chase by my partner. The military was long gone when we returned to the Motel. Investigation established that each of the ladies had extensive records for prostitution and keeping houses of prostitution. The Reserve Officer was a prominent Halifax businessman. The Crown would not allow us to subpoena the military and the girls subsequently were released. I noticed a marked change in my work mates respect for the Force after that and he ultimately was released on medical pension from Kentville Detachment.

Incident #4 Also while serving at Halifax Detachment (1965-6) the writer was involved in an investigation of high rise apartment break and enters. With excellent cooperation from a Halifax Detective, the culprits were established and one of the two was arrested. The other fled to Toronto and was arrested by Toronto Police. The writer was sent on the prisoner escort. Air Canada was on strike, so I travelled by Via rail (then CN) and was met by a Detective Sgt. of the Metro Police at the Toronto rail station. This officer was escorted to a high class Toronto restaurant and after the meal taken to a back room where a Military Police group was bargaining with a Toronto hooker, for the provision of sexual services. The morality squad had provided the girl.

3.

Incident No. 4. - (cont.) The prisoner escort was not concluded because the prisoner threw a hot brew in the officers face in the cell area and after a session of personality modification he was taken to 999 Queen Street, a psychiatric facility.

Incident No. 5 - After returning to Nova Scotia in 1975, on a leave of absence with the Federal Public Service (now serving as an Investigator for Manpower & Immigration) the writer re-entered police work as a Constable with the Lunenburg Town Police. A town merchant advised me that there were some very irregular things going on in the Town Police operation, that had ramifications with the local RCMP Detachment Commander. As the result of an investigation from this complaint it was established that the Special Constable By-law Officer was pimping for the Dartmouth based prostitution business, distributing pornographic materials, lending money interest free to members of the Dept. from Halifax sources, embezzling his Sister-in-law to pose for nude photos which he sold. The By-law Officer was fired and two weeks later was appointed to the Nova Scotia Civil Service, in a position of trust at the V.G. Hospital in Halifax. One of the Constables was fired and was immediately hired by the Bridgewater Town Police. His brother is an RCMP officer and the Detachment Commander in Lunenburg of the RCMP got him the other police job. The writer was assisted by colleagues of the Halifax City Police Intelligence unit as the RCMP Detachment commander had utilized the special Constables pornographic film service telling the officer that he wasn't concerned about his activities as long as kids weren't involved.

Incident #6 Another member of the Lunenburg Town Police was approached by a local gun dealer to enter into a conspiracy to smuggle guns by showing his badge to evade customs at the U.S. border. Another member was involved in the use of unnecessary force, subsequently became the County Goal keeper and ended up in his own jail for fraud.

4.

Another member of the Lunenburg Town Police was a former member of the York Regional Police in Ontario and was a person having an intense dislike for Pakistani people and was subjected to apparent "flash-backs" associated with my knowledge of hard drug abuse. He is currently a Youth Correctional Officer with the Lunenburg County Young Offender's facility. An employee of the Nova Scotia Attorney General without qualification.

Incident #7

During my service as a Constable with Halifax Detachment of the RCMP, I had occasion to serve with Constable Harry Wheaton, who was a valued member of the Halifax Highway Patrol. I have complete respect for his integrity before the Commission.

further

During my service as Constable, Acting Deputy Chief of the Town of Lunenburg and Chief of Police of the Town of Mahone Bay, I had occasion to work with Corporal Cyril House, the RCMP officer that investigated the Rollie Thornhill case. Corporal House was not supported in his investigation, which was capably and honestly conducted because the Force was negotiating renewal of its contract and our present Premier is indebted to Mr. Thornhill (for reasons known best by them). The present Nova Scotia gov't. is vindictive in its dealings with critics and as clearly shown, appointment to the Civil Service is far from based on merit.

I do not request standing before the Commission but submit my brief to assist the Commission in establishing the level of hypocrisy associated with the Criminal Justice System in Nova Scotia and the sad state of Municipal policing.

## Criminal Justice System in Nova Scotia

The undersigned submits the following accounts of abuses of the Criminal Justice System since 1964, when the writer first arrived from recruit training with the RCMP. The incidents form a part of the manuscript of my book "Deviance of the Establishment" soon to be published. I submit the incidents exactly as they occurred, without malice or prejudice with the intent of assisting the Marshall inquiry. Names are not mentioned.

(except in positive cases)

Incident #1 - While serving on Windsor Rural Detachment in 1965, I had occasion to stop a violator of the Motor Vehicle Act, at Mount Uniacke, Hants County, on the No. 1 Provincial Highway. The motorist was rude to the extreme. "Do you know who I am?" etc. I issued the Nova Scotia Provincial cabinet Minister a traffic ticket. The very next day, Windsor Detachment was subject of an inspection by the Commanding Officer of the Division - A Chief Supt. who only wished to see one member - you guessed it. I was advised that the Minister had complained "that I had not smiled" during the encounter. The Chief Supt. advised me that I was being transferred to Halifax Detachment, "because you require closer supervision". The ticket was cancelled. (I submit that the RCMP and the Prov. Government enjoyed a similar closeness in the Thornhill matter.)

Incident #2 - During 1964 & 1965 the Detachment Commander was purchasing ; late model cars and renting them as funeral cars to the local funeral director. (Who went on to be an M.L.A. and more recently was convicted of a casket switching scam.) Also, the Detachment Commander was recipient of a civil service job upon his retirement. (I submit that RCMP officers that do not make waves get rewarded. Don't look for Staff Sgt. Wheaton to work for the Province on his retirement, he is too honest.)

Also, my first exposure to pornography was at this Detachment and a local railway engineer provided the films for stags. The hypocrisy of morals law enforcement has later significance.

Incident #3. - Upon my transfer to Halifax Detachment in 1965, another Constable and the writer (acting on a tip) staked out the Armdale Motel. A Corporal with a local militia unit attended at the hotel in the company of two Montreal hookers affiliated with a well known prostitution service situated in Dartmouth. The client waiting in the motel was a LCol. also in uniform. My associate and I swooped in on the hotel and one lady of the night was chased on foot up the Bay road and in apprehending her I was assaulted. (purse over the head). The other lady of the night was pursued up the Herring Cove Road and arrested after a foot chase by my partner. The military was long gone when we returned to the Motel. Investigation established that each of the ladies had extensive records for prostitution and keeping houses of prostitution. The Reserve Officer was a prominent Halifax businessman. The Crown would not allow us to subpoena the military and the girls subsequently were released. I noticed a marked change in my work mates respect for the Force after that and he ultimately was released on medical pension from Kentville Detachment.

Incident #4 Also while serving at Halifax Detachment (1965-6) the writer was involved in an investigation of high rise apartment break and enters. With excellent cooperation from a Halifax Detective, the culprits were established and one of the two was arrested. The other fled to Toronto and was arrested by Toronto Police. The writer was sent on the prisoner escort. Air Canada was on strike, so I travelled by Via rail (then CN) and was met by a Detective Sgt. of the Metro Police at the Toronto rail station. This officer was escorted to a high class Toronto restaurant and after the meal taken to a back room where a Military Police group was bargaining with a Toronto hooker, for the provision of sexual services. The morality squad had provided the girl.

Incident No. 4. - (cont.) The prisoner escort was not concluded because the prisoner threw a hot brew in the officers face in the cell area and after a session of personality modification he was taken to 999 Queen Street, a psychiatric facility.

Incident No. 5 - After returning to Nova Scotia in 1975, on a leave of absence with the Federal Public Service (now serving as an Investigator for Manpower & Immigration) the writer re-entered police work as a Constable with the Lunenburg Town Police. A town merchant advised me that there were some very irregular things going on in the Town Police operation, that had ramifications with the local RCMP Detachment Commander. As the result of an investigation from this complaint it was established that the Special Constable By-law Officer was pimping for the Dartmouth based prostitution business, distributing pornographic materials, lending money interest free to members of the Dept. from Halifax sources, embezzling his Sister-in-law to pose for nude photos which he sold. The By-law Officer was fired and two weeks later was appointed to the Nova Scotia Civil Service, in a position of trust at the V.G. Hospital in Halifax. One of the Constables was fired and was immediately hired by the Bridgewater Town Police. His brother is an RCMP officer and the Detachment Commander in Lunenburg of the RCMP got him the other police job. The writer was assisted by colleagues of the Halifax City Police Intelligence unit as the RCMP Detachment commander had utilized the special Constables pornographic film service telling the officer that he wasn't concerned about his activities as long as kids weren't involved.

Incident #6 Another member of the Lunenburg Town Police was approached by a local gun dealer to enter into a conspiracy to smuggle guns by showing his badge to evade customs at the U.S. border. Another member was involved in the use of unnecessary force, subsequently became the County Goal keeper and ended up in his own jail for fraud.

Another member of the Lunenburg Town Police was a former member of the York Regional Police in Ontario and was a person having an intense dislike for Pakistani people and was subjected to apparent "flash-backs" associated with my knowledge of hard drug abuse. He is currently a Youth Correctional Officer with the Lunenburg County Young Offender's facility. An employee of the Nova Scotia Attorney General without qualification.

Incident #7

During my service as a Constable with Halifax Detachment of the RCMP, I had occasion to serve with Constable Harry Wheaton, who was a valued member of the Halifax Highway Patrol. I have complete respect for his integrity before the Commission.

further

During my service as Constable, Acting Deputy Chief of the Town of Lunenburg and Chief of Police of the Town of Mahone Bay, I had occasion to work with Corporal Cyril House, the RCMP officer that investigated the Rollie Thornhill case. Corporal House was not supported in his investigation, which was capably and honestly conducted because the Force was negotiating renewal of its contract and our present Premier is indebted to Mr. Thornhill (for reasons known best by them). The present Nova Scotia gov't. is vindictive in its dealings with critics and as clearly shown, appointment to the Civil Service is far from based on merit.

I do not request standing before the Commission but submit my brief to assist the Commission in establishing the level of hypocrisy associated with the Criminal Justice System in Nova Scotia and the sad state of Municipal policing.

Dear Ms. Ashley

The undersigned served as a law enforcement officer for twenty years, half of this service in Nova Scotia, as an RCMP member, Municipal Police Constable, Deputy Chief, Chief of Police and CNR Special Constable.

I know the Criminal Justice System in Nova Scotia, in intimate detail. In fact, I have completed research on a book "Deviance of the Establishment" with some candid disclosures about corruption

When the Progressive Conservative Government of John Buchanan ousted Gerald Regan's blatantly corrupt Liberals, I was taking a Firearms Inspectors course in Yarmouth and I really looked for some improvement from Kick-backs and patronage appointments of inept officials.

Buchanan's Government has exceeded Regans for corruption and patronage. The Attorney General's Dept. has put Goal Supt's. in their own jails for breach of trust and Sheriffs (several) Deputy Sheriffs and a host of others.

No assessment of the injustice suffered by Donald Marshall, Jr. would be complete without a detailed look at the entire Criminal Justice System of Nova Scotia.

2.

As far back as 1965, when Cst. Keith Llewellyn and I (RCMP officers) apprehended a LCol. of the Canadian Forces Reserve with two hookers at the Keddy Motor Inn, in Armdale, just outside Halifax, he in uniform with a junior NCO showing up with two of Ada McCallum's girls and that being hushed up because the officer was a media executive in civilian life.....

To 1976, when as Deputy Chief of the Town Police Force, in Lunenburg, N.S., when I arrested the Town's By-law enforcement Officer for pimping for Ada (again) and selling pornographic materials and making interest free loans to police constables from Halifax contacts, which saw the removal of two police officers (one to the N.S. Civil service, "the pimp" because he had provided some influential people with sexual services) and the other to the Bridgewater Town Police on the recommendation of Lunenburg's RCMP Detachment commander! .....

Sheriffs, Police Chiefs, Deputy Sheriffs, Jail Supt's. J.P.'s, Crown Prosecutors, etc. etc. have found themselves before the courts because the Criminal Justice System in Nova Scotia is rife with patronage appointments and the merit principle is a farce.

I hope to make some of the hearings, as I did for the Barrow-McFadden trial and the Kentville Police inquiry gathering material for my book. Constable Keith Llewellyn, (formerly RCMP) was invalidated to pension when the corrupt Nova Scotia system got the best of him.

God has sustained this beleaguered former cop and I have been accepted as a full candidate for United Church ministry.

Respectfully

*Ron Seney*
